

## P. A. NEWHOUSE DIES SUDDENLY AT FARM

Former County Commissioner's  
Death this Afternoon Great Shock  
to Relatives and Friends

### HELPING BUTCHER HOGS

Suffers Heart Attack About 10 O'-  
clock and is Removed to Tenant  
House Where He Died

Pleasant A. Newhouse, age 63  
years, former commissioner of Rush  
county, died rather suddenly this  
afternoon shortly after one o'clock  
at his farm, east of Rushville, near  
Glenwood, death being caused from  
neurialgia of the heart.

The body was to be removed this  
afternoon to his late residence, 716  
North Harrison street, this city, and  
funeral services will be announced  
later.

Mr. Newhouse went to the farm  
early this morning to assist in but-  
chering some hogs, and was working  
with the farm tenants, when he was  
taken ill. He was stricken with the  
heart attack about ten o'clock and  
removed to the tenant house.

Relatives were summoned about  
noon, when his condition grew worse  
and he died shortly after one o'-  
clock. His death proved quite a  
shock to the family, and his large  
number of acquaintances.

The deceased was born May 20,  
1861 on a farm in Jackson township  
the son of Lewis J. and Mary New-  
house. He was one of five children  
born to this union, two having pre-  
ceded him in death, leaving two  
brothers to survive, Elbert O., and  
Samuel R. Newhouse, both of Jack-  
son township.

The deceased also is survived by  
three half-brothers and one half-  
sister, who are Alfred M. of Illinois,  
Harvey M. of Center township,  
Seymour C. of West Virginia and  
Mrs. Bell of Commerceville. The de-  
ceased also is survived by the widow  
and one son, Charles L. Newhouse  
of this city, who is spending the win-  
ter in Miami, Fla.

The deceased was educated in the  
Kimling school house in Jackson  
township, and upon leaving, he took  
up farming with his father, until he  
married, and then he began the op-  
eration of a farm in Washington town-  
ship by himself. He later moved  
back to Jackson township and ac-  
quired a small farm, and by care-  
ful management, increased his hold-  
ings until he had 230 acres lying in  
Jackson and Noble townships. It  
was at the latter farm where he had  
gone this morning that death oc-  
curred.

## MEMPHIS, TENN., WOMAN SEEKS SON THOUGHT HERE

Chief of Police Blackburn Asked to  
Detain George Conrad, 24, if he  
is Found

WAS SEEN NEAR SHELBYVILLE

Chief of Police Orie Blackburn  
has received a communication from  
Memphis, Tenn., from Mrs. H. C.  
Conrad, asking local assistance in  
locating her son, Howard Conrad,  
who is believed to be in this vicinity.  
A reward of \$200 for his detention  
is offered by his mother.

He disappeared September 26. He  
is 24 years of age, 5 feet 10 1/2  
tall; does not weigh quite 160  
pounds, eyes small, blue; hair me-  
dium brown, very thick, size of  
shoes 8 to 8 1/2, small hands, com-  
plexion fair. Positive identification  
is said to be a very small scar at  
outside corner of his right eye.

According to Mrs. Conrad, the  
man was seen recently near Shelby-  
ville. He told the persons in that  
vicinity that he had run away from  
home and he gave the name of  
George Conrad. He is walking or  
begging rides, and is not well dress-  
ed. He does not talk much and at  
times appears to be mentally un-  
balanced.

The mother, in making the appeal  
for help, is prostrated and is grow-  
ing weaker. Her appeal to Rushville  
officers for assistance ends by offer-  
ing \$200 and says, "It is not like the  
price placed on a criminal's head—  
for his capture—it is a price of moth-  
er's love."

## FUNDS MORE THAN \$50 SHORT

Total Contributions For Christmas  
Cheer Amount to \$466.37

Total contributions to the Daily  
Republican-Salvation Army Santa  
Claus fund amounted to \$466.37,  
which was more than \$50 short of  
the 1923 fund, which totaled \$520.-  
08.

It was not possible to announce  
the final amount received until to-  
day as Capt. Parsons of the Salva-  
tion Army left early Christmas  
morning and did not return until  
Saturday evening.

The sum of \$466.11 was reported  
up to Christmas eve and after that  
\$1.00 and was sent by a friend and  
\$4.26 was received from the Salva-  
tion Army kettle the day before  
Christmas.

## MERCURY RUNSWILD DROPPING 20 BELOW

Temperature Lowest in History of  
County, So Far as Records Show  
With Exception of 1884

THEN WENT DOWN TO 26 BELOW

Mercury Rises Rapidly Today and  
Light Snow Flurries are in Pros-  
pect for Tuesday

The mercury ran wild in the early  
Sunday morning hours, and dropped  
fast after midnight Saturday, with  
a new low record for the year being  
reached, when 20 degrees below zero  
was recorded on the government  
thermometer at Manzy, in charge of  
Elwood Kirkwood.

The mercury came within six de-  
grees of the coldest weather on  
record, according to Mr. Kirkwood.  
He has been in charge of the weather  
observation station for 43 years,  
and in looking over his records, he  
stated that the coldest temperature  
ever reached was 26 below in 1884.  
In the cold winter of 1916 and 1917  
the lowest reached was 23 degrees  
below.

The sub-zero mark was reached  
Saturday morning when 10 below  
was recorded on the instruments in  
charge of Mr. Kirkwood. Then Sun-  
day morning it showed 20 below,  
and this morning that the coldest  
reached during the night was 3 be-  
low.

After sunrise today the mercury  
began to rise rapidly, and at two o'-  
clock this afternoon was around 25  
degrees. Indications are for cloudy  
weather tonight and Tuesday, with  
possibly light snow flurries in sight,  
according to the weather forecast.

The sub-zero temperatures of the  
past few mornings have not been  
so noticeable, because of the dry-  
ness.

## DAIRY PRODUCTS CO., TO MOVE ITS PLANT

Will Move to Modern Appliance  
Building After Having Fitted up  
Place That is Too Small

HAS ARRANGED TO BUY MILK

The Hoosier Dairy Products com-  
pany has made arrangements to lo-  
cate in the Modern Appliance build-  
ing, in West Third street, after hav-  
ing fitted up a plant in the rear of  
the Miller law building, which it  
was found was not large enough to  
accommodate the business.

The company had hoped to be able  
to operate by today, but a further  
delay of approximately a month is  
foreseen because of the necessity of  
moving into a larger building.

The company is headed by R. V.  
Barnett, who recently came here  
from Noblesville, where the Hoosier  
Dairy Products company was organ-  
ized and now has a plant.

Mr. Barnett has already arranged  
to buy milk and cream from Rush  
county farmers, who have been anx-  
ious for the company to open up for  
business. A truck will be operated  
and collect milk and cream. Ice  
cream customers, it is announced,  
can be supplied from the Noblesville  
plant until the Rushville business is  
in operation.

Loren Martin, retiring clerk of the  
court, has accepted a position with  
the company.

## OFFICES WILL BE CLOSED FOR CHANGE

Auditor, Treasurer and Clerk of the  
Court to Transfer Records to  
New Officials

ELECTED IN NOVEMBER

Recorder's Office Will Also Close to  
Complete Year's Records—Other  
Changes

Offices of the county auditor,  
treasurer and recorder will be closed  
Wednesday afternoon, and the office  
of the clerk of the court will be  
closed all day Wednesday, to pre-  
pare for the change which will take  
place Thursday morning, when the  
auditor, treasurer and clerk elected  
last November will assume their du-  
ties.

There will be no change in the re-  
corder's office, as Miss Nora  
Sleeth's term is for two more years,  
but her office will be closed to en-  
able her to close up the year's busi-  
ness.

It is necessary for the clerk's of-  
fice to remain closed all day because  
there is more detail to transferring  
the office. The clerk-elect Leonard M.  
Barlow, has to receipt for each item  
in every account which he receives,  
which makes the checking out of the  
old clerk, Loren Martin, a tedious  
matter.

Frank Lawrence and his deputy,  
Charles A. Frazee, will turn over the  
county funds to Howard W. Claw-  
son, treasurer-elect, who will give a  
receipt for the sums on deposit in  
the banks of the county.

Phil Wilk, county auditor, will  
also be receipted by Harry Myers,  
auditor-elect, for the balances in the  
funds over which he has control.

Mrs. Eva Ragsdale, clerk to the  
present auditor, will continue as  
clerk for the new auditor.

Homer Cole, who has worked at  
the treasurer's office during spring  
and fall taxpaying season for sev-  
eral years, will assist Mr. Clawson  
until he becomes familiar with the  
duties of the office.

Mrs. Loren Martin who has been  
her husband's deputy in the clerk's  
office, will assist Mr. Barlow until he  
familiarizes himself with the routine  
work of the office.

Gates Ketchum will succeed him-  
self as prosecutor Thursday and  
Harry Leisure, commissioner-elect  
from the northern district, will suc-  
ceed George Bell, incumbent. Dr.  
John M. Lee also succeeds himself  
as coroner.

## FOURTH DAY OF DELIBERATION

No Verdict Reached to Settle Fate  
of "Kid" McCoy

Los Angeles, Calif., Dec. 29—  
Jurors started the fourth day of  
the deliberation over the fate of  
Kid McCoy charged with murdering  
Mrs. Theresa Mors, at nine a. m. to-  
day.

The nine women and three men on  
the jury appeared refreshed after a  
long night's sleep, as they entered  
the jury room.

## BODIES OF FOUR FOUND ON FARM

(By United Press)

Logansport, Ind., Dec. 29—Mrs.  
Mary Hobaugh, who fled from the  
home of her father, Henry Bassler  
today after four members of the  
family had been murdered was  
taken into custody late this after-  
noon and is being brought to the jail  
here for questioning.

The woman was arrested at the  
home of Thomas Sheetz, a farmer  
living four miles from the scene of  
the tragedy. Sheriff Bowger, who  
made the arrest, was guided to the  
Sheetz' home by neighbors, who said  
they saw Mrs. Hobaugh enter the  
house about ten o'clock in the morn-  
ing.

The woman refused to discuss the  
murders, or to answer the questions  
of Sheriff Bowger. She talked in-  
coherently of being mistreated at  
home and was placed under arrest  
and appeared to be in a highly ner-  
vous state.

Bodies of four members of the  
family of Bassler, 69 a farmer liv-  
ing eight miles north of here, were  
found on the farm at noon today.  
They had been killed with a shot  
gun. The gun and several empty  
shells were found near the house.

The dead are Henry Bassler, Ka-  
therine Bassler, 60, his wife, Viola  
Hobaugh, his granddaughter, three  
years old, and John Bassler, 22 his  
son.

The heads of three victims were  
shot away and the bodies of Bassler  
and his little granddaughter were  
found in the house. Those of the son  
and wife were found in the yard  
near the house.

A farmer living near the Bassler  
home said that Mrs. Bassler called  
at his home during the night and  
asked to use the telephone. He said  
the woman called Rev. Mullins, a  
minister in Logansport, and said  
she had had trouble with her brother  
and would "let him" if she had a  
shotgun.

LAST YEAR'S RECORD NEAR

Receipts About \$70 Short of 1923  
Total With Two Township Re-  
ports to be Received

Posey township stepped out in  
front as the leading township in the  
county in the Christmas Seal and  
Health Bond campaign with an addi-  
tional report received today, show-  
ing total sales of \$61.84.

This, together with additional  
sales reported in Rushville city and  
Richland township brought the total  
for the county up to \$1,812 and  
within striking distance of last  
year's sales, which amounted to \$1,-  
883.90.

Orange and Washington townships  
are yet to be heard from, and there  
is a possibility that the 1923 record  
may be surpassed. One of these  
townships will not report until next  
week, because the principal of the  
schools was in charge and has been  
away during the holiday vacation.

Two branches of the Masonic  
lodge added \$25 to the Rushville city  
total.

## CORN JUDGING CONTEST TO BE HELD SATURDAY

Event Preceding Rush County Corn  
Show Will Attract Boys and Girls  
of County

25 PRIZES TO BE AWARDED

One of the outstanding educa-  
tional features of the Rush County  
Corn Show, will be in the form of  
a boys and girls corn judging con-  
test to be held here Saturday in ad-  
vance of the corn show proper,  
which will be held January 6 to 8.

The corn judging contest will be  
for boys and girls in the seventh,  
eighth and ninth grades of the high  
schools of the county. They will re-  
port at the county agent's office at  
8:30 Saturday morning. It was de-  
cided to hold the contest on Satur-  
day, so as not to interfere with the  
regular school work next week.

Paul Inel, vocational teacher of  
Walker township, will have charge  
of the contest. All contestants will  
be instructed in corn judging be-  
fore entering the contest. There will  
be 25 prizes offered.

School corn shows have been held  
at Milroy, Webb and Raleigh, in  
preparation for the county contest  
and Carthage will have their corn  
show Thursday night, with Lowell  
Moffitt acting as judge. Five schools  
have arranged to have their entire  
class in agriculture attend the coun-  
ty corn show here next week,  
and they will come either Wednes-  
day or Thursday afternoon.

## CALENDAR FOR THE FIRST OF JANUARY

Judge Sparks Prepares Schedule of  
Cases to Cover First Fifteen Days  
of New Year

BRIGHT TO BE ARRAIGNED

Hearing to be Conducted Tuesday to  
Determine Whether Suspended  
Sentence Should be Invoked

With the approach of the new  
year, Judge Sparks has compiled a  
court calendar for the first half of  
January, and several cases of im-  
portance are set for trial, but as the  
calendar is only tentative, it is sub-  
ject to change by various motions  
that can be presented by attorneys  
to prevent or delay trial of cases.

The jury will not be used any  
more this year, but few court cases  
will be disposed of this week. The  
present term of court does not end  
until the third week in January.

On Tuesday Fred Bright, who is  
held in jail on a charge of receiving  
stolen goods, will be arraigned for a  
hearing before Judge Sparks. Bright  
was arrested at the time that Teddy  
Palmer was placed in jail for robb-  
ing the Big Four railroad station,  
and for which he was given a sen-  
tence.

Bright was charged with receiving  
two coffee pots, valued at \$5 from  
Palmer, and which Palmer admitted  
had been stolen at the Haydon Har-  
ware store. Bright is not to be tried  
on the charge Tuesday, but Judge  
Sparks will hear evidence to show  
whether the prisoner has behaved  
himself properly.

Several months ago Bright was  
arraigned on a charge of stealing  
coal, and pleaded guilty, and was  
given a suspended sentence of 6  
months. If the prisoner is found by  
the court as having violated the  
"good behavior" part of the sus-  
pended sentence, then the parole will  
be revoked and he will have to serve  
the term.

The case of the state against Ray  
Mofford, charged with conspiracy  
and grand larceny in connection  
with the theft of two steers from El-  
bert Meek on Halloween night, is  
set for Wednesday of this week, and  
it is expected that a plea will be en-  
tered, as the jury has not been  
called.

The court calendar for the first  
15 days of January is as follows:  
Jan. 1—Palmer vs Mansfield; Milroy  
bank vs Mansfield.

Jan. 2—State vs Swain; Moore vs  
Moore admin.  
Jan. 3—State, ex rel Catt vs Wilk,  
auditor, State vs Murphy, Wil-  
iams vs Stevens; Dillard vs Dil-  
lards.

## DEPARTURE OF OLD, COMING OF NEW

Pantomime Enacted at First Presby-  
terian Church, Depicting Coming  
of 1925

OLD YEAR, NEW YEAR APPEAR

Story of "The Other Wise Man"  
Told by Mrs. A. L. Gary—Lord's  
Supper at First U. P. Church

The extremely cold weather Sun-  
day interfered to some extent with  
church services in Rushville, but un-  
usually good crowds, considering the  
handicaps, were reported at both  
morning and evening hours of wor-  
ship.

The auditorium of the First Pres-  
byterian church was well filled for  
the evening service, at which a pan-  
tomime was given representing the  
departure of the Old year and the  
coming of the New Year. Samuel L.  
Trabue, attired in the regalia of an  
old man, leaning upon his staff and  
speaking with feeble voice, addressed  
the audience in appropriate words.

Following his departure, the New  
Year entered in the person of Ed-  
ward Wilson, dressed in white, of-  
fering to the people 365 days of op-  
portunity and carrying a ledger upon  
which they were to write the record  
of each day.

Mrs. A. L. Gary presented in an  
impressive way the story of "The  
Other Wise Man," who also started  
to welcome the Christ Child, and pre-  
sented to Him gifts, but was detained  
three times by the call for help from  
others. He stopped to show mercy  
and gave of his gifts. When accident  
befell him, he heard a voice saying  
"In as much as ye have done it to  
me of the least of these, ye have  
done it unto me," and the joy of  
knowing the Christ was his.

The orchestra rendered several  
numbers and a duet from members  
of the choir added to the helpfulness  
of the evening.

In the morning service the pastor  
spoke from the text Luke 2:7 "There  
was no room for them in the inn."  
These words stood in great contrast  
to the joys of the Christmas time,  
he said. The minister pointed out the  
danger of offering him beautiful  
houses only to hear him answering  
"The Most High dwelleth not in tem-  
ples made with hands." We offer him  
beautiful forms of service only to  
hear him say, "My son, give me thine  
heart," then we realize that he has  
been crowded out. The Rev. Mr. Wil-  
son pointed out, Paul says, "Know

## ONLY ONE FIRE DURING EXTREME COLD PERIOD

Roof of House Occupied by Dewey  
Ferguson Catches Fire From  
Sparks Sunday

FIRE THREAT AT GLENWOOD

The extreme cold weather of the  
past few days was the cause of only  
one fire in Rushville, which is an un-  
usual circumstance, as the zero tem-  
perature usually causes overheated  
flues and roof fires.

The firemen answered a call Sun-  
day morning about 10:30 to box  
142, Jackson and Eighth streets,  
where the residence occupied by  
Dewey Ferguson, 413 West Eighth  
street was on fire. Sparks from a  
chimney are believed to have set the  
roof on fire, and the firemen used  
two chemical lines to extinguish the  
blaze. The loss was estimated at  
\$150. The house is owned by M. V.  
Spivey, and the loss was covered  
by insurance.

Most of the roofs are covered  
with snow and this has lessened the  
danger of fires.

A call from Glenwood was re-  
ceived about 9:30 Sunday night,  
when it was stated that the resi-  
dence of Ed Lewark was on fire.  
Local firemen were preparing to  
render assistance, when further  
word was received that the blaze  
was caused from the flue burning  
out, and illuminated the sky to such  
an extent that it looked dangerous.  
The chimney withstood the heat, and  
there was no loss, and the firemen  
were saved a cold trip to the neigh-  
boring town.

Blind Man's Dog His Eyes

Although he's totally blind, Clyde Rothrick, 33, an evangelist, has crossed a 2000-foot railway bridge spanning the Grand River at Grand Rapids, Mich., almost every day for a year. On his perilous journeys he is accompanied only by his dog, "Silver." A false step and an oncoming train would hurl Rothrick 60 feet into the river—an almost certain death.

ness of the atmosphere, and also because of the lack of any wind or breeze. Weather of this kind is regarded as healthful.

Indianapolis, Ind., Dec. 29—Relief from the cold wave which swept over Indiana late Saturday, causing one death and intense suffering throughout the state, was promised by the weather bureau today.

The temperature in Indianapolis at 7 o'clock this morning was 8 above zero, as compared with 13 degrees below at the same hour yesterday.

A further rise in temperature was predicted by the weather bureau.

Mrs. Ralph Nattinze, 45, was frozen to death at Earlpark, Ind., when she walked from her home early Sunday clad only in night clothing. It is believed she was walking in her sleep. The body was found a few yards from the house.

Charity organizations in the larger cities of the state were besieged with appeals for fuel and clothing from poor families.

The lowest temperature for this time of the year was reported from Terre Haute, Evansville and Fort Wayne, while in Indianapolis the temperature of 13 below was the coldest Dec. 28 with one exception since the weather bureau was established.

Sixty-four fires occurred in Indianapolis Saturday night and Sunday. The First Moravian church on College Avenue was destroyed by fire of undetermined origin early Sunday with a loss of \$35,000. Two

firemen were overcome while fighting the blaze.

Numerous residence fires were traced to overheated stoves and furnaces.

## Bus Regulation

Regulation of the operation of motor buses and trucks in common carrier transportation was recently discussed at some length by Walter C. White, president of the White Motor Company. In substance the conclusions reached by Mr. White are in line with those set forth by the National Automobile Chamber of Commerce in co-operation with the American Association of State Highway Officials, says the Indiana Committee on Public Utility Information.

"For example," says Mr. White, "The motor bus carrying passengers for hire is in the very nature of things a monopoly, and as such should not be permitted to operate until it has applied for and secured certificate of public convenience and necessity from a fair state commission. It should be required to carry public liability insurance adequate to indemnify injury to persons and property. Steam and electric railroads should be authorized by the legislation to own and operate their own motor vehicles in selling transportation to the public."

Twenty-five of the states have laws requiring that a certificate of public convenience and necessity shall be secured as prerequisite to operation of common carrier motor bus or truck. Sixteen states require filing of schedules. Twenty-three states require insurance or bonds for indemnifying against damages to persons or property. Twenty-three

## HUNT'S DAILY LETTER

BY HARRY B. HUNT  
NEA Service Writer

WASHINGTON — All talk of General John J. Pershing as secretary of war to succeed Secretary Weeks may safely be discounted.

This suggestion, which has been current in Washington off and on ever since Pershing's retirement Sept. 12, has bobbed up again.

Without being in "Cautious Cal's" confidence, one would be safe in giving long odds that such an appointment never will be made.

Certainly it would not be in keeping with Coolidge caution to break over the precedent that the head of the War Department must be a civilian, not a professional military man, however high the regard in which the military man might be held.

Both the president and General Pershing would have much to lose and nothing to gain by shattering this precedent.

General Pershing's opinions on military matters are and will continue to be available to the president whenever desired. They will likewise have their full weight with Congress.

Nothing would be added to their influence or importance by giving him the title of secretary of war. The change in established policy would, however, open the way to possible criticism that it would seem foolish to invite.

From a purely personal and material standpoint, Pershing is better off with the pay and perquisites on which he was retired than he would be with the salary of a secretary.

As the retired general of the armies he has no responsibility and pulls down about \$15,500 a year. As secretary of war he would have to get along on \$12,000 and do a lot of work.

NO cabinet member in years has followed more closely the old advice to "say nothing and saw wood" than has Secretary of Treasury Mellon. In addition to a

physical impediment in his speech the secretary has been assisted in this course by a constitutional aversion to public speaking. When Mellon has had anything to say he's waited until he was sure it ought to be said and then has said it in writing.

Recently, however, he was moved to an acknowledgment of the fervid praises his friends—including even President Coolidge—have heaped upon him as "the greatest secretary of treasury since Alexander Hamilton."

"I think," said Mellon, in his soft-voiced, deprecatory manner, "that each successive secretary of treasury, at some time during his incumbency of office, enjoys the distinction of being the greatest secretary since Hamilton. I have noticed, however, that as soon as they go out of office their glory departs."

OFFICERS of the army air service recount with gusto the loyalty to the service exhibited by Joey Wing H. Celestial chef and flapper pilot, attached to the primary flying school at Brooks Field, San Antonio, Tex.

Joey, it seems, having partaken too zealously of the commissary flavoring extracts, stepped too hard on the gas as he was driving into town and was promptly nabbed by a watchful cop.

Haled to the police station, he was brought up before the sergeant looking on a charge of speeding.

"Name?" demanded that official. "Joey Wing H.," came the answer, accompanied by a military salute.

"Where from?"

"Brooks Field."

The sergeant paused. Because of the cosmopolitan character of the school, it dawned on him that he might be addressing the nephew of the Chinese emperor, or a Celestial prince, at least.

"Oh, I see," he said conciliatingly. "Are you a flyer?"

"Sure, sure," answered Joey proudly. "We fly eggs, fly steak, fly anything."

But Joey couldn't "fly the coop."

## Dante's Inferno at Castle

There are seven capital sins or passions which we mortals are capable of committing, according to the poet Dante, who wrote the "Inferno" on which is based the motion picture production of that name, now running at the Castle Theatre. In classifying sin in his "Divine Comedy," Dante is said to have followed the Catholic interpretation of sin and its punishment.

The seven capital sins or passions are: pride, covetousness, lust, anger, gluttony, envy and sloth. It will be seen that these encompass all wrong doing, as, for example, adultery may be an outgrowth of lust; or murder the result of anger; or theft the lot of a family whose father is slothful.

"Inferno," which is one of the three great allegorical poems which compose what, for want of a better name, is known as The Divine Comedy, describes an imaginary journey through Hell by Dante, conducted by the ancient Roman poet, Virgil. Dante describes the various circles and depths of Hell and the kinds of punishment inflicted upon the souls of those who sinned during the earthly life. This poem offered unsurpassed possibilities for picturization, full advantage of which was taken by Henry Otto, who directed the production for William Fox. The picture is conceded to be one of the most imaginative and fantastic in the history of the screen, and has attracted extraordinary attention everywhere.

## Mae Murray at Princess

Presenting the popular Mae Murray in the interesting roles of two sisters, "Fashion Row" a Metro picture opened a two day's engagement at the Princess Theatre today. As a Broadway actress who marries into an old aristocratic family, Miss Murray has the opportunity to wear endless stunning gowns and delight Murray fans with the Murray dances, while the role of a plain little Russian peasant girl who comes to America to find her sister is of striking contrast. There is also a Russian out of the actress's past, who seeks revenge for a scarred face and soul she left him, and exciting events transpire that will thrill every spectator.

Earle Foxe, Freeman Wood, Elmo Lincoln and Mathilde Brundage are importantly cast, and the production was directed by Robert Z. Leonard, director general of Tiffany productions, of which M. A. Hoffman is general manager. "Fashion Row" was written by Sada Cowan and Howard Higgin and photographed by Oliver T. Marsh. Horace Jackson was art director.

## LIONS PULL ANOTHER ONE OUT OF THE FIRE

With Newcastle Game Three-Fourths Gone and Score 20 to 15, They Show Their Stuff

COUNT 9 POINTS IN 10 MINUTES

Game Won on Foul Goals. Each Team Scoring 8 Field Goals—Contest Close all the Way

With 10½ minutes left to play, and Newcastle leading 20 to 15, the Rushville Lions jumped into the fight and won a thrilling basketball game at Newcastle Saturday night, scoring 9 points in the last ten minutes, and holding Newcastle to a lone marker, the final score being 24 to 21.

The game was another one of those exciting contests for which the Rushville team has become famous, staging a rally toward the end of the game, that has counted for victories. The game at several stages was a seesaw affair, with first Newcastle and then Rushville in the lead. Both teams put up good defense, which accounted for the low scoring.

Both teams also missed a great many shots that should have counted. The defense of Rushville was not up to standard, and Newcastle went through with ease. The Trojans have shown improvement since their game in this city.

The game was played in the immense new Y. M. C. A. gym, before a large crowd, and several hundred from this city were present. The Lions appeared handicapped on the large floor, and misjudged many shots. Allen, the center for the Newcastle team, was the outstanding star of the evening and handled the position like a veteran. He scored 11 of the 21 points. Starbuck at forward was fast, and Rozelle at floor guard put up a great defensive game.

For the Rushville team, all players shared equally in the victory, although they did not all score the points that they usually do. Miller pulled the game out of danger in the closing four minutes when he broke the 21 to 21 tie with a foul goal, and with still 3½ minutes left to play, Rushville attempted to stall, thinking the time was shorter than it was but when Lakin managed to get past the center, he took a shot and the ball went through, giving Rushville 24 and Newcastle 21, and the locals stalled through the last minute, keeping the ball in their possession.

Right at the start of the game, Lakin scored a field goal from under the basket, and Edwards fouled, giving Miller a shot which he made count, and putting the Lions out in front 3 to 0. McNamara fouled but Rozelle missed for Newcastle. Allen scored a field goal for Newcastle and Edwards came back and scored another one, putting the Trojans in the lead, 4 to 3.

Newbold bounced out in from under the basket, giving Rushville the lead 5 to 4. McNamara fouled again, and Starbuck missed the first shot, but tied the score on the next attempt. McNamara fouled for his third time and Starbuck made one of them, putting Newcastle ahead 6 to 5.

Rozelle fouled next, and Arbuckle tied the score when he made one and missed the other chance. Soon afterwards Arbuckle was given two more chances when Falek, their back-guard fouled, but he missed both times. Lakin fouled and Rozelle missed. Both teams were off on foul shots. Then Newcastle took a spurt with baskets by Allen and Rozelle, putting the score Newcastle 10 and Rushville 6, and the Lions called time.

When they went back into the game, Newbold tossed one in with the Trojan backguard hanging on, and the goal counted, and he was given two shots on the foul, but missed one of the chances, putting the locals at 9, and Newcastle at 10, and this sudden spurt caused the Trojans to take time out. Six minutes was left in which to play.

When they started again, Miller was the first to score, and he dribbled through the center for a shot under the basket. He had made several attempts at long ones, but he misjudged the distance, and when he had the opportunity, he took the ball clear through, and put Rushville in the lead 11 to 10. As he made the goal, Edwards tackled him, and a foul was called, giving Miller two

Newcastle failed to rip Rushville but on the other hand Rushville didn't do such a big job of Tramping the Trojans. The Lions must get that last few minute rally stuff out of their system. Tourneys are only 15 minute halves, and in the games gone by, the locals have won more than half of the games in the last few minutes.

The Newcastle team is twice as good as the night they played here, and they will give any team strong opposition. Elwood will play at Newcastle Friday night, and the Trojans are going to get back in the winning column after three straight losses.

**BUT YOU NEVER CAN TELL**  
The coast looks clear for Rushville for a few games at least. Carthage Friday night, then Richmond and Hagerstown. After this comes the county seat tourney at Connersville, Jan. 24, and it is a little too early to offer predictions.

Shelbyville must be a funny team. They hold Vincennes to three points then wallop Martinsville two points in an overtime game, and on Saturday night lost to Lebanon, a team almost unheard of, and by a 7 point margin.

shots on the foul, but the Lion back-guard missed both chances.

Allen scored next for Newcastle, putting them one point in front 12 to 11. Miller fouled and Starbuck was given two shots, making one of them, and Newcastle was two points in the lead, 13 to 11, and soon afterwards the gun, sounded for the half.

At the start of the second half, Edwards fouled twice in rapid succession and went out on fouls. Miller missed his shot, but Lakin counted for both of his attempts and the score was again tied at 13 points. Lakin fouled next, but Starbuck missed. Lakin scored a field goal, putting the locals ahead 15 to 13.

At this point in the game the Trojans stepped out, taking a one point lead on a foul, followed by a field goal by Allen and a long shot by Rozelle, making the score 20 to 15, and Rushville took time out. The time keeper announced 10½ minutes yet to play.

Then the Lions began to roar. Lakin went down the floor for a field goal, and when he attempted to repeat, the back guard held him, and the Lion center again made both of his foul goals count, putting the score Newcastle 20 and Rushville 19.

Miller advanced down the floor and on one side of the large gym, near the center, he hoisted the ball high into the air, and it dropped through the hoop without touching the rim, putting the lions in the lead 21 to 20, and Newcastle called time.

When the play resumed, McNamara was fouled for his fourth time and went out. Arbuckle who had been taken out a few minutes before and Wainwright substituted at forward, went in as floor guard and the plucky little forward played a great game at floor guard for the rest of the game. On McNamara's foul, Newcastle made one point, and tied the score at 21, missing the second attempt.

With four minutes left, Starbuck was fouled and Miller scored, and Lakin got another field goal, that made the game 21 to 24 in favor of Rushville, and the battle royal had ended.

It had been one of those kind of game that kept the crowd on edge and the winner was in doubt until the final shot of the gun.

The lineup and summary:  
Rushville 24 Newcastle 21  
Newbold -----F----- Starbuck  
Arbuckle -----F----- Edwards  
Lakin -----C----- Allen  
McNamara -----G----- Rozelle  
Miller -----G----- Falek

Substitutions, Wainwright for Arbuckle; Arbuckle for McNamara; Jennings for Edwards; McKee for Jennings. Field goals, Newbold 2, Lakin 4, Miller 2, Edwards, Allen 5, Rozelle; foul goals Newbold, Arbuckle, Lakin 4, Miller 2 Starbuck 4, Allen. Referee Hale; umpire Bills.

Connersville has tough sledding this week. They play at Columbus Wednesday night, and on Friday night, Anderson will play at Connersville.

Carthage is working this week, and from what we hear, they are putting forth renewed efforts to show Rushville that they can play basketball.

Watch Heim and Siler on that Carthage team. They are dangerous on the basket shooting. Heim shoots from the foul line, and makes 'em count.

### WE NEED ONE LIKE IT

Newcastle has a gym that is probably the best in this part of the state. It is joined with the new Y. M. C. A. building, and the playing floor is large, with high ceiling that is well lighted. The seating arrangement also is good, and 4,000 people can easily be accommodated. Newcastle is going after a regional tourney, and Rushville people would be glad to see them get it.

### FOULS WON THE GAME

The game at Newcastle Saturday night, shows the importance of throwing foul goals. Each team made eight field goals. Rushville made 8 foul goals and Newcastle made 5. Rushville missed 7 chances and Newcastle missed 7. The little one point markers have won or lost many a game, and each player should make it a habit of tossing them in at all times.

'Nother chance for libel suit. Headline in Columbus Republican says, "Trojans here December 31", meaning Connersville. In the first paragraph it refers to the Trojans as being nicknamed 'em kniks, and if we were Markin' 'em up at Newcastle we'd get even some way.

### SEND UP A CROWD

Let's send a big crowd to Carthage Friday night. They have a new gym, fairly good seating capacity and a good playing floor. The Blue Birds may give the Lions trouble because Carthage plays somewhat like Rushville; they usually end in a flashy rally.

### MUST WATCH THE BALL

Dear Hittin' 'em:—Well we took Newcastle just like Grant took Richmond, by fighting. The game was an exhibition of close guarding and stonewall defense on both teams. The Lions will have to keep their eye on the ball a little closer or some of them are liable to get their necks broken by being hit in the back of the head. At times Saturday some of the Lions deliberately turned their backs on the ball and walked away as unconcerned as if they were taking an evening stroll. Keep your eyes on the ball.

### DING BAT

### THEY JUST GO TO!

Of course, during the holiday season, you can't expect too much of a team, but after the first of the year, the Lions are going to commence roaring early in the game and keep it up until the finish.

### IF THIS IS THE CASE THEY ALL GOT SPANKED

From Markin' 'em up, in the Newcastle Courier comes:

There is a good one on Rushville. There is one player on the Rushville team, whose father is a real basketball fan. After each game, if the said son doesn't play the kind of a game the "ole man" thinks he should have played, out in the back yard with the son and "dad" applies the strap. Wonder if any of the boys on the Trojans would like this?

Before the Shelbyville-Martinsville game the other night, Markin' 'em picked Shelbyville to win, why?—because he says Camels satisfy.

## Ford, Model Ship Owner, and One of His Boats

Old-time sailors in New Orleans just looked and gasped when they saw Henry Ford's ship Oneida lying at dock. They'd never seen anything so sleek and shiny in all their lives. Her hull gleamed in shining automobile enamel. Her decks were clean enough to eat from. In her engine room brass and nickel-plate trimmings shimmered in the light. And the crew proved another stunner. The men were all clean shaven, with fresh hair cuts and their clothes were of the latest cut. They went up town in taxis and came back the same way—and sober! The lowest paid deckhand was getting \$5 a day. For Henry Ford (in inset) has put Ford ideas of efficiency in his ship-operating venture, too. And he's found it pays.

## CONGRESS TO TAKE UP AIR FREEDOM

Question of Interest to Radio Fans, May Not Be Decided as One Conflict Has Occurred

### HOOVER WANTS TO WAIT

Another Year Necessary For Further Development Before Program Can Be Formulated

By HERBERT LITTLE  
(U. P. Staff Correspondent)

Washington, Dec. 27—Congress is taking up the most important questions of the decade—the freedom of the air this winter.

The question, of paramount interest to the ten to twenty million radio fans in the nation, may not be decided, but one conflict has occurred on the question already and others in the making.

Secretary of Commerce Herbert Hoover, whose department holds nominal control of the ether, withdrew his support of the bill introduced last spring by Congressman Wallace H. White of Maine, which would impose extensive regulations on the industry. The bill is now pending before the house marine and fisheries committee, of which White is chairman.

Another year is necessary for further development of the "radio art" before congress can formulate a program to regulate it properly, Hoover believes. Hoover, who endorsed the White bill last spring, proposed a short bill which would merely affirm "the right of the people to the ether" and give his department the regulation of wave-lengths, character of apparatus, and time of transmission of program from regularly licensed broadcasting stations.

The department of commerce now controls the radio industry by virtue of a law passed in 1912 on the basis of the radio-telegraphic development at that time. The radio-telephone had not yet been developed.

Now there are 561 broadcasting stations in the country, each sending out six to 20 programs a week. The fans tune in and out of speeches, jazz and classic music, humor and advertising. Some complain of interference because of the large number of broadcasting stations, some want larger and fewer stations, and others want more local stations.

The crash of proposed legislation in the present session which ends next March is so great that it is unlikely that final action can be taken on any radio proposal, even the short bill proposed by Hoover. But when the 69th Congress meets next December, Hoover will be ready with a program to cover all emergencies.

A final and complete national policy on the radio questions must be adopted, Hoover believes and congress must do it, instead of leaving it to an administrative officer.

The radio industry contains no monopoly at present, the secretary holds, as no one corporation possesses more than four stations.

The problems of radio which have come up so far, which must be solved in formulating the governmental policy toward the "art," Hoover outlines as follows:

With only 57 wave-lengths available and the number of stations approaching 600 and rapidly increasing, we are forced to certain dupli-

### Tennis Settlement Fair

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Dec. 29—Common sense and good sportsmanship brought about the settlement of the extended controversy between William T. Tilden and the United States Lawn Tennis Association and it offered a good example that might be followed in the adjustment of difficulties that may arise in other sports.

Another is the interconnection of stations by which a single voice may be broadcast from all parts of the United States. This interconnection has been most successfully carried out by the rise of wire systems between broadcasting stations, but other methods of interconnection are in process of development. It is difficult to see as yet what the public implications of interconnection will be.

"During the last year there have been discoveries in the use of higher power and therefore larger areas of broadcasting, which may result in a single station being able to cover a large portion if not all of the country. This raises the rights of local stations and the rights of local listeners.

"Still another development has been the fact that it has been found possible by indirect advertising to turn broadcasting to highly profitable use. Because of this situation there is growing up a demand for the limitation of the number of stations in a given area and that such limitation be based on the service needs of the community, just as public convenience and necessity. Again this enters the dangerous field of recognizing monopoly and implied censorship.

"On the other hand, we may be in a rush to broadcasting, which may die down and cut down the number of stations. Improvement of the art may increase the number of available wave-lengths, and no priorities need then be contemplated.

"We may have to come to the conclusion that many station owners must be considered as having left the field of private enterprise and entered that of public service, and in view of these changes now going on we may have to reconsider the regulation of the whole are from the point of view of the listener.

"Interest in radio is increasing rapidly. Entertainment and amusement have ceased to be its principal purposes. The public, especially our people on farms and in isolated communities, are coming to rely on it for the information necessary to the conduct of their daily affairs. It is rapidly becoming a necessity, and the people feel that they have a direct interest in the manner in which the radio industry is conducted."

Tilden contended that he was right in refusing to accept the opinion of the association in declaring that he was a professional for making money as a newspaper writer. The Association claimed it was right in forming the opinion that writing for newspapers constituted a violation of the amateur rule.

From a strictly neutral standpoint both sides were right and the two factions were sincere enough to hold out until it seemed that the continuation of a controversy, which the public considered as rather trivial, would result in unlimited damage to an organization and a game that had been built up in the United States by years of untiring effort.

The Association then made a wise move by suggesting that a committee of three "outsiders" be called in to decide which faction was right and Tilden's defenders agreed to it. The same wisdom behind the idea was carried out in selecting as the committee of outsiders in the jury box such nationally known authorities as Senator George Wharton Judd, Grantland Rice and Devereux Milburn.

How long would some of the foolish quarrels of organized baseball last if a committee of such authorities were called in to pass judgment on the disagreements of baseball?

This special committee called in to consider the case with representatives of the two tennis factions decided that Tilden was partially right and that the Association was partly right. They suggested a compromise with an entirely new definition of the amateur rule that would support Tilden's contention regarding the individual personal liberties of a player.

The new amateur rule was drawn and it was accepted. The legal genius of Senator Pepper put the rule in language that was a defeat for neither faction, and was only a sportsmanlike difference to the justice of the other side's main points of contention.

Tilden, as a result of the rule, can continue to write, but he cannot use any of his titles under his name and he cannot actually cover any tournaments in which he is entered as a player.

Mr. and Mrs. Ora Logan entertained Sunday with a high noon dinner party at their home south of the city. Their guests were Mrs. Sallie Logan, Mr. and Mrs. Carl Logan and family, Mr. and Mrs. Elsa Hillgoss and family, and Mrs. Marietta Stiers.

The Woman's Missionary Society of the Pleasant Ridge M. E. church and their families will be entertained New Year's Day with a pitch-in dinner at the home of Mrs. Harry Mull, southwest of the city. All the members together with their families are urged to attend.

Mr. and Mrs. G. B. Carr had for their dinner guests Christmas day, Mr. and Mrs. Otis Carr and family of Indianapolis, Mr. and Mrs. Scott Powell and son Wayne of Falmouth, Mr. and Mrs. Clarence Carr and family and Mr. and Mrs. Edward McGraw and family of Glenwood.

Mr. and Mrs. Ed Short entertained Christmas day with a turkey dinner. Twenty-one were present, including Mr. and Mrs. Joe Richards of Clarksburg, Mr. and Mrs. John Richards and family of Greensburg, and Mrs. Edwin Young and Mr. and Mrs. Ambrose Gehring, of this city.

Mrs. Paul Davison and son Paul, Jr., and daughter Janice spent the latter part of last week with Mrs. Howard Pike and family of Glenwood, and on Sunday Mrs. Pike entertained with a birthday dinner for Mrs. Pike, celebrating her twenty-eighth birthday. Mr. and Mrs. Davison and children were guests.

A family dinner was served Christmas day at the home of Mr. and Mrs. Bert Norris in Noble township, when they entertained the members of their family. The guests included Mr. and Mrs. Lowell Norris and family, Mr. and Mrs. Walter Norris and family, Mr. and Mrs. Loren Martin, the Misses Leonora and Alice Norris, and C. M. Norris of Des Moines, Ia., and Rema Mae Norris, a student of Indiana University, Bloomington, Ind.

Mrs. Alice Brooks and daughter Myrta of Glenwood entertained the following guests to a turkey dinner Christmas day: Mr. and Mrs. John Matney and son of Rushville, Mr. and Mrs. Forrest Brooks, Mr. and Mrs. Charles Brooks and son of Glenwood, Mr. and Mrs. J. Frank Wilson, Mr. and Mrs. Vernon Brooks and daughter of Fairview, Mr. and Mrs. Elmer Darnell and daughter of Connersville, Miss Helen Wilson and William Wise of Connersville, Mr. and Mrs. Lawrence Brooks and Kenneth Wilson.

The engagement of Miss Janice Katherine Casady, daughter of Mr. and Mrs. P. T. Casady of Franklin, Ind., and niece of Mrs. Charles H. Brown of this city, to John Candler Pace of Pensacola, Fla., was announced last Friday with a luncheon-bridge at the country home of Miss Doris Deer, south of Franklin. The bride-elect is well known in this city, having visited her aunt in this city on a number of occasions. For the past two years she has been head of the Spanish department of the Pensacola high school, but has resigned her position and will be at home in Franklin, Ind., until the marriage early in March.

Mr. and Mrs. J. W. Hyatt and daughter Cora of Milroy entertained with a family dinner Sunday. The house was beautifully decorated with Christmas decorations and the table was centered with Christmas

cactus. The afternoon was spent in a social way and with music. The guests included Mrs. Flora Jackson and son Berney of this city, Mr. and Mrs. James L. Hyatt and son of Arlington, Mr. and Mrs. Roy Beales and Flavious Hyatt of Indianapolis, Mrs. Eli W. Carter of South Bend, Mr. and Mrs. B. G. Darnell and son Glenn of Lewisville, Ind., Mr. and Mrs. Earl Hyatt and daughter Wilma of north of Raleigh, Mrs. Norville Hudson and son Robert and daughter Thelma of north of Richmond, Austin Hyatt and Miss Minnie Shook of near Gings.

Mrs. Effie Stevens of Glenwood and Benjamin Burgoerfer of Laurel were united in marriage Wednesday, December 24, at high noon, at the St. Paul Methodist Episcopal church parsonage in this city. The single ring ceremony was read by the pastor, Rev. H. W. Hargett. On Christmas Day a beautifully appointed wedding dinner was served at the bride's home in Glenwood. Covers were laid for the following guests, Mr. and Mrs. Riley Johnson, Mr. and Mrs. James Johnson, and family, Mr. and Mrs. Otho Johnson and daughter, Mr. and Mrs. Grover Johnson of near Orange, Mr. and Mrs. Frank Bean and daughters Frances and Inis, Mr. and Mrs. Roscoe Bean of near Columbia, Mr. and Mrs. Otis Burgoerfer of Connersville, Mrs. Charles Johnson and Miss Irene Mosier of Rushville, and Edward and Michael Burgoerfer of Laurel.

A very pretty home wedding was solemnized Saturday afternoon at four o'clock at the home of Mr. and Mrs. A. W. Wilkinson in West Third street, when their daughter, Miss Gertrude, became the bride of Bernard Benson of Bayfield Wis. The home was artistically decorated in the color scheme of yellow and white, and beautiful ferns and palms were used to form an altar in the living room, where the ceremony was pronounced by the Rev. D. E. Walker, the Episcopal ring service being used.

Mrs. C. E. Walden, soloist of this city, sang "Oh Promise Me" preceding the wedding march and "At Dawning," preceding the ceremony. To the strains of Lohengrin's wedding march, played by Miss Leah Schatz, the bridal party descended the stairway and marched to the altar, where they met the bridegroom and best man, Albert Duquette of Flint, Mich. The bridesmaids were Miss Ruth Ball of Connersville, who was dressed in pink crepe de chine and wore gold slippers, and Miss Marian Bonewitz of North Manchester, Ind., who wore pale green crepe de chine. Miss Lillian Wilkinson, sister of the bride, was the maid of honor and was dressed in orchid crepe de chine. Little Miss Leila Jean Gilbert, acting as flower girl, looked sweet in pink crepe de chine and carried a basket of rose petals, scattering them in the path of the bride. Little Gene Ball, nephew of the bride, was the ring bearer, carrying it on a white satin pillow. The bride, who was given away by her father, was dressed in white satin, adorned with ostrich feathers and a gardenia ornament. She wore a veil caught with orange blossoms and carried a bridal bouquet of roses.

Immediately following the ceremony, a delicious wedding dinner was served to the bridal party and other guests. The bride's table looked lovely, being adorned with the large wedding cake, which was a gift of the bride's aunt, Mrs. S. A. Wilkinson of Connersville. The cake was surrounded with pretty yellow and white rosebuds and ribbon streamers. The remaining small tables were similarly decorated.

Among the out-of-town guests present, besides those of the bridal party, were Mr. and Mrs. Fred L. Virtue and daughter Dorothy of Dayton, Ohio, J. P. Williamson of Flemingsburg, Ky., Miss Jennie Korschberg of Racine, Wis. Mr. and Mrs. E. E. Ball and son Richard of Richmond, Ind., Mr. and Mrs. Shirley Abrett of Connersville, Mr. and Mrs. S. A. Wilkinson of Connersville and Mr. and Mrs. Harry Green of Indianapolis.

Mr. and Mrs. Benson left after the dinner on a wedding trip to Dakota City, Neb., and from there will go to Bayfield, Wis., where they will make their home. The bridegroom is the manager of a garage there and the bride has been an instructor in the local high school for the past few years, being head of the Commercial department. She also attended Columbia University at New

York and taught school at North Manchester, Ind., Connersville and Bremen, Ind., before accepting a position here.

Mr. and Mrs. Fred Addison gave a three course dinner party at their home in Milroy Christmas. Covers were laid for the following people: Mr. and Mrs. John S. Moore of Rushville, Leonard Moore of Indianapolis, Mrs. Glenn Kaler, Pauline, Fred Keith and Randall Addison.

## RURAL TEACHERS IN BIGGEST GAINS

Tabulation Shows That Township Instructors Have Had Salaries Doubled in Past 10 Years

### CITY SCHOOLS ARE BEHIND

Average Scale for Rural Teacher Was \$418.83 For Elementary Work and Now it is \$871

Indianapolis, Ind., Dec. 29.—The average salary of the teachers in township schools of Indiana have doubled during the past ten years, according to statistics compiled by the State Department of Public Instruction. The salaries of the teachers of town and city schools of the state have also been raised but not to the extent of the township instructors.

The average salary for township elementary teacher in 1914, was \$418.83 and that of the high school teacher was \$700.86. In 1924, the median salary of the elementary instructor was \$771.71 and that of the high school teacher \$1,292.41. The increase in the elementary salary average is 110.13 percent and in the average high school teacher's salary 97.15 per cent.

The smallest increase in salaries during the past ten years have been in high school teachers of towns, this group only having been given an increase of 70.10 percent. The average salary for elementary town teachers in 1913 was \$344 and 1924, \$989.83. In the high school town teachers, the average paid in 1914 was \$729.95 and ten years later, \$1,241.71.

In the city class there has been an increase of 93.18 percent in the salaries of elementary teachers and an increase of 87.14 in high school teacher's salaries. In 1914 city elementary teachers were being paid \$715.63 and high school instructors, \$878.35. Ten years later these salaries were \$1,382.47 and \$1,643.43 respectively.

There has been a 2.25 percent loss in the number of elementary teachers during the past ten years, the state report shows, and a gain of 175.52 percent in the number of high school instructors. In 1914 there were in Indiana, 15,142 elementary teachers and 2,594 high school instructors. In 1924 there are 14,800 teachers in the elementary schools and 7,147 in the high schools of the state.

The largest numerical gain was in township high school teachers, an increase of 322.48 percent. Elementary teachers in the township show a 13.52 percent loss. In the towns,

## P. A. NEWHOUSE DIES SUDDENLY AT FARM

Former County Commissioner's Death this Afternoon Great Shock to Relatives and Friends

### HELPING BUTCHER HOGS

Suffers Heart Attack About 10 O'clock and is Removed to Tenant House Where He Died

Pleasant A. Newhouse, age 63 years, former commissioner of Rush county, died rather suddenly this afternoon shortly after one o'clock at his farm, east of Nashville, near Glenwood, death being caused from neuralgia of the heart.

The body was to be removed this afternoon to his late residence, 716 North Harrison street, this city, and funeral services will be announced later.

Mr. Newhouse went to the farm early this morning to assist in butchering some hogs, and was working with the farm tenants, when he was taken ill. He was stricken with the heart attack about ten o'clock and removed to the tenant house.

Relatives were summoned about noon, when his condition grew worse and he died shortly after one o'clock. His death proved quite a shock to the family, and his large number of acquaintances.

The deceased was born May 30, 1861 on a farm in Jackson township, the son of Lewis J. and Mary Newhouse. He was one of five children born to this union, two having preceded him in death, leaving two brothers to survive, Elbert O., and Samuel R. Newhouse, both of Jackson township.

The deceased also is survived by three half-brothers and one half-sister, who are Alfred M. of Illinois, Harvey M. of Center township, Scipio C. of West Virginia and Mrs. Bell of Connersville. The deceased also is survived by the widow and one son, Charles L. Newhouse of this city, who is spending the winter in Miami, Fla.

The deceased was educated in the Kinnings school house in Jackson township, and upon leaving, he took up farming with his father, until he married, and then he began the operation of a farm in Washington township by himself. He later moved back to Jackson township and acquired a small farm, and by careful management, increased his holdings until he had 230 acres lying in Jackson and Noble townships. It was at the latter farm where he had come this morning that death occurred.

## MEMPHIS, TENN., WOMAN SEEKS SON THOUGHT HERE

Chief of Police Blackburn Asked to Detain George Conrad, 24, if he is Found

### WAS SEEN NEAR SHELBYVILLE

Chief of Police Orr Blackburn has received a communication from Memphis, Tenn., from Mrs. H. C. Conrad, asking local assistance in locating her son, Howard Conrad, who is believed to be in this vicinity. A reward of \$200 for his detention is offered by his mother.

He disappeared September 26. He is 24 years of age, 5-foot 10½ inch tall; does not weigh quite 160 pounds, eyes small, blue; hair medium brown, very thick, size of shoes 8 to 8½, small hands, complexion fair. Positive identification is said to be a very small scar at outside corner of his right eye.

According to Mrs. Conrad, the man was seen recently near Shelbyville. He told the persons in that vicinity that he had run away from home and he gave the name of George Conrad. He is walking or begging rides, and is not well dressed. He does not talk much and at times appears to be mentally unbalanced.

The mother, in making the appeal for help, is prostrated and is growing weaker. Her appeal to Nashville officers for assistance ends by offering \$200 and says, "It is not like the price placed on a criminal's head—for his capture—it is a price of mother's love."

## FUNDS MORE THAN \$50 SHORT

Total Contributions For Christmas Cheer Amount to \$466.37

Total contributions to the Daily Republican-Salvation Army Santa Claus fund amounted to \$466.37, which was more than \$50 short of the 1923 fund, which totaled \$520.08.

It was not possible to announce the final amount received until today as Capt. Parsons of the Salvation Army left early Christmas morning and did not return until Saturday evening.

The sum of \$466.11 was reported up to Christmas eve and after that \$1.00 and was sent by a friend and \$1.26 was received from the Salvation Army kettle the day before Christmas.

## MERCURY RUNSWILD DROPPING 20 BELOW

Temperature Lowest in History of County, So Far as Records Show With Exception of 1884

### THEN WENT DOWN TO 26 BELOW

Mercury Rises Rapidly Today and Light Snow Flurries are in Prospect for Tuesday

The mercury ran wild in the early Sunday morning hours, and dropped fast after midnight Saturday, with a new low record for the year being reached, when 20 degrees below zero was recorded on the government thermometer at Manzy, in charge of Elwood Kirkwood.

The mercury came within six degrees of the coldest weather on record, according to Mr. Kirkwood. He has been in charge of the weather observation station for 43 years, and in looking over his records, he stated that the coldest temperature ever reached was 26 below in 1884. In the cold winter of 1916 and 1917 the lowest reached was 23 degrees below.

The sub-zero mark was reached Saturday morning when 10 below was recorded on the instruments in charge of Mr. Kirkwood. Then Sunday morning it showed 20 below, and this morning that the coldest reached during the night was 3 below.

After sunrise today the mercury began to rise rapidly, and at two o'clock this afternoon was around 25 degrees. Indications are for cloudy weather tonight and Tuesday, with possibly light snow flurries in sight, according to the weather forecast.

The sub-zero temperatures of the past few mornings have not been so noticeable, because of the dry-

## DAIRY PRODUCTS CO., TO MOVE ITS PLANT

Will Move to Modern Appliance Building After Having Fitted up Place That is Too Small

### HAS ARRANGED TO BUY MILK

The Hoosier Dairy Products company has made arrangements to locate in the Modern Appliance building, in West Third street, after having fitted up a plant in the rear of the Miller law building, which it was found was not large enough to accommodate the business.

The company had hoped to be able to operate by today, but a further delay of approximately a month is foreseen because of the necessity of moving into a larger building.

The company is headed by R. V. Barnett, who recently came here from Noblesville, where the Hoosier Dairy Products company was organized and now has a plant.

Mr. Barnett has already arranged to buy milk and cream from Rush county farmers, who have been anxious for the company to open up for business. A truck will be operated and collect milk and cream. Ice cream customers, it is announced, can be supplied from the Noblesville plant until the Rushville business is in operation.

Loren Martin, retiring clerk of the court, has accepted a position with the company.

## OFFICES WILL BE CLOSED FOR CHANGE

Auditor, Treasurer and Clerk of the Court to Transfer Records to New Officials

### ELECTED IN NOVEMBER

Recorder's Office Will Also Close to Complete Year's Records—Other Changes

Offices of the county auditor, treasurer and recorder will be closed Wednesday afternoon, and the office of the clerk of the court will be closed all day Wednesday, to prepare for the change which will take place Thursday morning, when the auditor, treasurer and clerk elected last November will assume their duties.

There will be no change in the recorder's office, as Miss Nora Sleeth's term is for two more years, but her office will be closed to enable her to close up the year's business.

It is necessary for the clerk's office to remain closed all day because there is more detail to transferring the office. The clerk-elect Leonard M. Barlow, has to receipt for each item in every account which he receives, which makes the checking out of the old clerk, Loren Martin, a tedious matter.

Frank Lawrence and his deputy, Charles A. Frazer, will turn over the county funds to Howard W. Clawson, treasurer-elect, who will give a receipt for the sums on deposit in the banks of the county.

Phil Wilk, county auditor, will also be received by Harry Myers, auditor-elect, for the balances in the funds over which he has control.

Mrs. Eva Ragsdale, clerk to the present auditor, will continue as clerk for the new auditor.

Homer Cole, who has worked at the treasurer's office during spring and fall taxpaying season for several years, will assist Mr. Clawson until he becomes familiar with the duties of the office.

Mrs. Loren Martin who has been her husband's deputy in the clerk's office, will assist Mr. Barlow until he familiarizes himself with the routine work of the office.

Gates Ketchum will succeed himself as prosecutor Thursday and Harry Leisner, commissioner-elect from the northern district, will succeed George Bell, incumbent. Dr. John M. Lee also succeeds himself as coroner.

## BODIES OF FOUR FOUND ON FARM

(By United Press)

Logansport, Ind., Dec. 29.—Mrs. Mary Hobough, who fled from the home of her father, Henry Bassler today after four members of the family had been murdered was taken into custody late this afternoon and is being brought to the jail here for questioning.

The woman was arrested at the home of Thomas Sheetz, a farmer living four miles from the scene of the tragedy. Sheriff Bowger, who made the arrest, was guided to the Sheetz' home by neighbors, who said they saw Mrs. Hobough enter the house about ten o'clock in the morning.

The woman refused to discuss the murders, or to answer the questions of Sheriff Bowger. She talked incoherently of being mistreated at home and was placed under arrest and appeared to be in a highly nervous state.

Bodies of four members of the family of Bassler, 69 a farmer living eight miles north of here, were found on the farm at noon today. They had been killed with a shot gun. The gun and several empty shells were found near the house.

The dead are Henry Bassler, Katherine Bassler, 60, his wife, Viola Hobough, his granddaughter, three years old, and John Bassler, 22 his son.

The heads of three victims were shot away and the bodies of Bassler and his little granddaughter were found in the house. Those of the son and wife were found in the yard near the house.

A farmer living near the Bassler home said that Mrs. Bassler called at his home during the night and asked to use the telephone. He said the woman called Rev. Mullins, a minister in Logansport, and said she had had trouble with her brother and would "let him" if she had a shotgun.

## NEW REPORT PUTS POSEY OUT IN FRONT

Now Leads Townships of County in Christmas Seal and Health Bond Sales with \$61.84

### LAST YEAR'S RECORD NEAR

Receipts About \$70 Short of 1923 Total With Two Township Reports to be Received

Posey township stepped out in front as the leading township in the county in the Christmas Seal and Health Bond campaign with an additional report received today, showing total sales of \$61.84.

This, together with additional sales reported in Rushville city and Richland township brought the total for the county up to \$1,812 and within striking distance of last year's sales, which amounted to \$1,883.90.

Orange and Washington townships are yet to be heard from, and there is a possibility that the 1923 record may be surpassed. One of these townships will not report until next week, because the principal of the schools was in charge and has been away during the holiday vacation.

Two branches of the Masonic lodge added \$25 to the Rushville city total.

Today's report shows the following:

## CORN JUDGING CONTEST TO BE HELD SATURDAY

Event Preceding Rush County Corn Show Will Attract Boys and Girls of County

### 25 PRIZES TO BE AWARDED

One of the outstanding educational features of the Rush County Corn Show, will be in the form of a boys and girls corn judging contest to be held here Saturday in advance of the corn show proper, which will be held January 6 to 8.

The corn judging contest will be for boys and girls in the seventh, eighth and ninth grades of the high schools of the county. They will report at the county agent's office at 8:30 Saturday morning. It was decided to hold the contest on Saturday, so as not to interfere with the regular school work next week.

Paul Imel, vocational teacher of Walker township, will have charge of the contest. All contestants will be instructed in corn judging before entering the contest. There will be 25 prizes offered.

School corn shows have been held at Milroy, Webb and Raleigh, in preparation for the county contest, and Carthage will have their corn show Thursday night, with Lowell Moffitt acting as judge. Five schools have arranged to have their entire class in agriculture attend the county corn show here next week, and they will come either Wednesday or Thursday afternoon.

## CALENDAR FOR THE FIRST OF JANUARY

Judge Sparks Prepares Schedule of Cases to Cover First Fifteen Days of New Year

### BRIGHT TO BE ARRAIGNED

Hearing to be Conducted Tuesday to Determine Whether Suspended Sentence Should be Invoked

With the approach of the new year, Judge Sparks has compiled a court calendar for the first half of January, and several cases of importance are set for trial, but as the calendar is only tentative, it is subject to change by various motions that can be presented by attorneys to prevent or delay trial of cases.

The jury will not be used any more this year, but few court cases will be disposed of this week. The present term of court does not end until the third week in January.

On Tuesday Fred Bright, who is held in jail on a charge of receiving stolen goods, will be arraigned for a hearing before Judge Sparks. Bright was arrested at the time that Teddy Palmer was placed in jail for robbing the Big Four railroad station, and for which he was given a sentence.

Bright was charged with receiving two coffee pots, valued at \$5 from Palmer, and which Palmer admitted had been stolen at the Hayden Hardware store. Bright is not to be tried on the charge Tuesday, but Judge Sparks will hear evidence to show whether the prisoner has behaved himself properly.

Several months ago Bright was arraigned on a charge of stealing coal, and pleaded guilty, and was given a suspended sentence of 6 months. If the prisoner is found by the court as having violated the "good behavior" part of the suspended sentence, then the parole will be revoked and he will have to serve the term.

The case of the state against Ray Mofford, charged with conspiracy and grand larceny in connection with the theft of two steers from Elbert Meek on Halloween night, is set for Wednesday of this week, and it is expected that a plea will be entered, as the jury has not been called.

The court calendar for the first 15 days of January is as follows: Jan. 1.—Pob vs Mansfield; Milroy bank vs Mansfield. Jan. 2.—State vs Swain; Moore vs Moore, admin. Jan. 3.—State, ex rel Catt vs Wilk, auditor, State vs Murphy, Williams vs Stevens; Dillard vs Dillard.

## DEPARTURE OF OLD, COMING OF NEW

Pantomime Enacted at First Presbyterian Church, Depicting Coming of 1925

### OLD YEAR, NEW YEAR APPEAR

Story of "The Other Wise Man" Told by Mrs. A. L. Gary—Lord's Supper at First U. P. Church

The extremely cold weather Sunday interfered to some extent with church services in Rushville, but unusually good crowds, considering the handicaps, were reported at both morning and evening hours of worship.

The auditorium of the First Presbyterian church was well filled for the evening service, at which a pantomime was given representing the departure of the Old year and the coming of the New Year. Samuel L. Trabue, attired in the regalia of an old man, leaning upon his staff and speaking with feeble voice, addressed the audience in appropriate words.

Following his departure, the New Year entered in the person of Edward Wilson, dressed in white, offering to the people 365 days of opportunity and carrying a ledger upon which they were to write the record of each day.

Mrs. A. L. Gary presented in an impressive way the story of "The Other Wise Man," who also started to welcome the Christ Child, and present to Him gifts, but was detained three times by the call for help from others. He stopped to show mercy and gave of his gifts. When accident befell him, he heard a voice saying "In as much as ye have done it to one of the least of these, ye have done it unto me," and the joy of knowing the Christ was his.

The orchestra rendered several numbers and a duet from members of the choir added to the helpfulness of the evening.

In the morning service the pastor spoke from the text Luke 2:7 "There was no room for them in the inn." These words stood in great contrast to the joys of the Christmas time, he said. The minister pointed out the danger of offering him beautiful houses only to hear him answering "The Most High dwelleth not in temples made with hands." We offer him beautiful forms of service only to hear him say, "My son, give me thine heart," then we realize that he has been crowded out. The Rev. Mr. Wilson pointed out, Paul says, "Know (Continued on Page Two)"

## ONLY ONE FIRE DURING EXTREME COLD PERIOD

Roof of House Occupied by Dewey Ferguson Catches Fire From Sparks Sunday

### FIRE THREAT AT GLENWOOD

The extreme cold weather of the past few days was the cause of only one fire in Rushville, which is an unusual circumstance, as the zero temperature usually causes overheated flues and roof fires.

The firemen answered a call Sunday morning about 10:30 to box 142, Jackson and Eighth streets, where the residence occupied by Dewey Ferguson, 413 West Eighth street was on fire. Sparks from a chimney are believed to have set the roof on fire, and the firemen used two chemical lines to extinguish the blaze. The loss was estimated at \$150. The house is owned by M. V. Spivey, and the loss was covered by insurance.

Most of the roofs are covered with snow and this has lessened the danger of fires.

A call from Glenwood was received about 9:30 Sunday night, when it was stated that the residence of Ed Lewark was on fire. Local firemen were preparing to render assistance, when further word was received that the blaze was caused from the flue burning out, and illuminated the sky to such an extent that it looked dangerous. The chimney withstood the heat, and there was no loss, and the firemen were saved a cold trip to the neighboring town.

ye not that ye are the temple." In the words of our text "Know ye not that ye are the temple," the speaker said, and continued as follows:

"He is sometimes crowded out of the mind until we give Him no place in our thought. Business often engages our attention until we say we are too tired to go to church and worship Him. He is crowded out of our life. In this way we are robbing our friends and family of that which is best in us.

"In the year 1925, be sure to make room for Him as the one who would be your companion all the days."

## Lord's Supper Observed

The Lord's Supper was observed at the First United Presbyterian church at the morning service Sunday and the pastor, the Rev. E. G. McKillen, preached from Second Corinthians 12:3—"My grace is sufficient for thee, for my power is made perfect in weakness."

"Paul had prayed three times to be delivered from the thorn in the flesh," and this was the answer of the Lord to his prayer," the pastor said. "Divine wisdom decreed that his affliction was necessary to keep him humble and useful in the Master's service. So sustaining grace was given, and God's power saved souls and built up the church through Him."

At this service four persons professed their faith in Christ and two of them were baptized.

At the evening service the sermon text was "For the son of man came to seek and to save that which was lost."

On Aug. 13, 1898, the city of Manila surrendered to the American army commanded by Gen. Wesley M. Merritt. Besides the 13 in the date, the numbers in the year added together, total 26, or twice 13, and the name Wesley Merritt contains 13 letters. The American land force in the engagement numbered 8,700 men and the Spanish garrison 13,900.

## Who Wins?

An important process for "exploding" bacteria is being held back from the world while two men argue over who made the discovery. They are Dr. Winford Larson (above) of the University of Minnesota and David Crowther (below), an English mechanic attached to the dental laboratories of the same school. The patent office has supported Crowther's claims, but Judge J. F. Smith of the U. S. Court of Custom Appeals has held in favor of Dr. Larson. The case has been in the courts for six years.

## Growing Old Too Fast?

### Many Rushville Folks Feel Older and Slower Than They Should

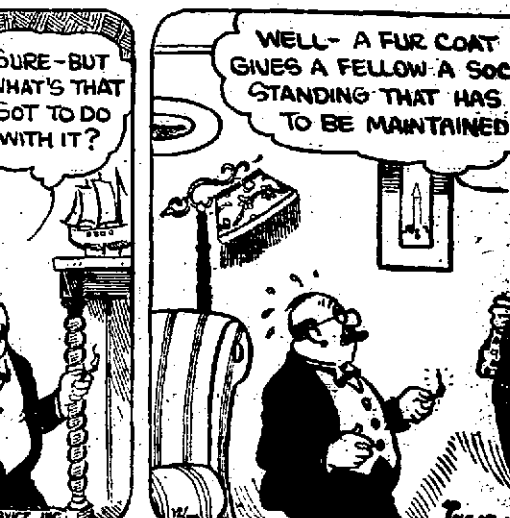

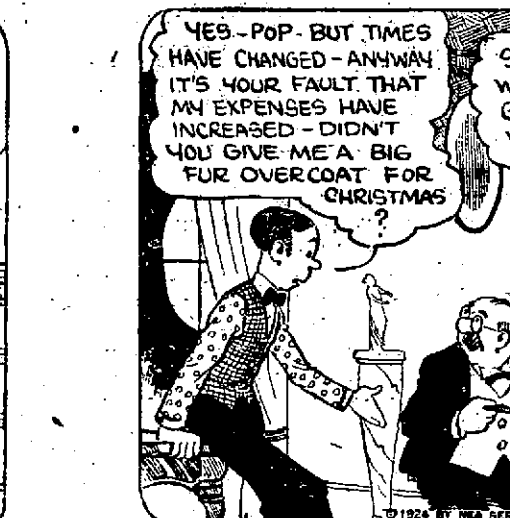

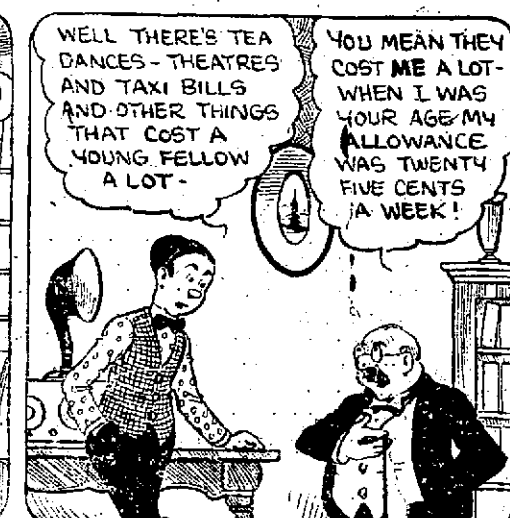

Are you weak, tired, all worn-out? Do you feel years older than other folks of your age? Then look to your kidneys! The kidneys are the blood filters and if they weaken, the effect is quickly felt. You have constant headache, dizziness, and urinary troubles. You feel lame, stiff and aching—all played out. Don't wait! Use Doan's Pills—a stimulant diuretic to the kidneys. Read what this Rushville resident says:

Mrs. S. J. Grubbs, 906 N. Perkins St., says: "I suffered from a dull, steady pain in the small of my back. In the morning I was so sore and stiff it was hard to get around. My kidneys were weak and acted irregularly and sometimes the secretions passed too frequently. I had headaches and dizzy spells, too. Doan's Pills drove away all signs of kidney trouble."

## MERCURY RUNS WILD, DROPPING 20 BELOW

Continued from Page One  
ness of the atmosphere, and also because of the lack of any wind or breeze. Weather of this kind is regarded as healthful.

Indianapolis, Ind., Dec. 29—Relief from the cold wave which swept over Indiana late Saturday, causing one death and intense suffering throughout the state, was promised by the weather bureau today.

The temperature in Indianapolis at 7 o'clock this morning was 8 above zero, as compared with 13 degrees below at the same hour yesterday.

A further rise in temperature was predicted by the weather bureau.

Mrs. Ralph Nattinge, 45, was frozen to death at Earlpark, Ind., when she walked from her home early Sunday clad only in night clothing. It is believed she was walking in her sleep. The body was found a few yards from the house.

Charity organizations in the larger cities of the state were besieged with appeals for fuel and clothing from poor families.

The lowest temperature for this time of the year was reported from Terre Haute, Evansville and Fort Wayne, while in Indianapolis the temperature of 13 below was the coldest Dec. 28 with one exception since the weather bureau was established.

Fifty-four fires occurred in Indianapolis Saturday night and Sunday. The First Moravian church on College Avenue was destroyed by fire of undetermined origin early Sunday with a loss of \$35,000. Two

## Bus Regulation

Regulation of the operation of motor buses and trucks in common carrier transportation was recently discussed at some length by Walter C. White, president of the White Motor Company. In substance the conclusions reached by Mr. White are in line with those set forth by the National Automobile Chamber of Commerce in co-operation with the American Association of State Highway Officials, says the Indiana Committee on Public Utility Information.

"For example," says Mr. White, "The motor bus carrying passengers for hire is in the very nature of things a monopoly, and as such should not be permitted to operate until it has applied for and secured certificate of public convenience and necessity from a fair state commission. It should be required to carry public liability insurance adequate to indemnify injury to persons and property. Steam and electric railroads should be authorized by the legislation to own and operate their own motor vehicles in selling transportation to the public."

Twenty-five of the states have laws requiring that a certificate of public convenience and necessity shall be secured as prerequisite to operation of common carrier motor bus or truck. Sixteen states require filing of schedules. Twenty-three states require insurance or bonds for indemnifying against damages to persons or property. Twenty-three

## HUNT'S DAILY LETTER

BY HARRY R. HUNT  
NEA Service Writer

**WASHINGTON**—All talk of General John J. Pershing as secretary of war to succeed Secretary Weeks may safely be discounted.

This suggestion, which has been current in Washington off and on ever since Pershing's retirement Sept. 12, has bobbed up again.

Without being in "Cautious Cal's" confidence, one would be an appointment never will be made.

Certainly it would not be in keeping with Coolidge caution to break over the precedent that the head of the War Department must be a civilian, not a professional military man, however high the regard in which the military man might be held.

Both the president and General Pershing would have much to lose and nothing to gain by shattering this precedent.

General Pershing's opinions on military matters are and will continue to be available to the president whenever desired. They will likewise have their full weight with Congress.

Nothing would be added to their influence or importance by giving him the title of secretary of war.

The change in established policy would, however, open the way to possible criticism that it would seem foolish to invite.

From a purely personal and material standpoint, Pershing is better off with the pay and perquisites on which he was retired than he would be with the salary of a secretary.

As the retired general of the armies he has no responsibility and pulls down about \$15,500 a year. As secretary of war he would have to get along on \$12,000 and do a lot of work.

**NO** cabinet member in years has followed more closely the old advice to "say nothing and saw wood" than has Secretary of Treasury Mellon. In addition to a

physical impediment in his speech the secretary has been limited in this course by a constitutional aversion to public speaking. When Mellon has had anything to say he's waited until he was sure it ought to be said and then has said it in writing.

Recently, however, he was moved to an acknowledgment of the fervid praises his friends—including even President Coolidge—have heaped upon him as "the greatest secretary of treasury since Alexander Hamilton."

"I didn't," said Mellon, in his soft-voiced, deprecatory manner. "That each successive secretary of treasury, at some time during his incumbency of office, enjoys the distinction of being the greatest secretary since Hamilton. I have noticed, however, that as soon as they go out of office their glory departs."

**OFFICERS** of the army air service recount with gusto the loyalty to the service exhibited by Joey Wing Hli, Celestial chef and flivver pilot, attached to the primary flying school at Brooks Field, San Antonio, Tex.

Joey, it seems, having partaken too zealously of the commissary flavoring extracts, stepped too hard on the gas as he was driving into town and was promptly nabbed by a watchful cop.

Haled to the police station, he was brought up before the sergeant for booking on a charge of speeding.

"Name?" demanded that official. "Joey Wing Hli," came the answer, accompanied by a military salute.

"Where from?" "Brooks Field." The sergeant paused. Because of the cosmopolitan character of the school, it dawned on him that he might be addressing the nephew of the Chinese emperor, or a Celestial prince, at least.

"Oh, I see," he said contentedly. "Are you a flyer?" "Sure, sure," answered Joey proudly. "We fly eggs, fly steak, fly anything."

"But Joey couldn't 'fly the coop.'"

Miss Anna Geraghty and Belle Forsythe attended the Teachers Association in Indianapolis today.

Probably the most elaborate function of the social season will take place tonight when the orchestra starts the grand march for the formal dance in the Social club house.

What looked as if it might be a very bad accident happened Monday afternoon in front of the Case Lumber company's office in West Third street, when a sleigh runner broke, throwing Miss Elizabeth and Lola Graham, Ada and Katie Abernathy out. The girls fell out the back and the sleigh fell on top of them. No one was hurt.

In Troy, O., the will of Mrs. Honeyman has been set aside because she wasn't sweet to her kinfolk.

Since income tax lists are published, no doubt some will pay too much next time just as a bluff.

In Toledo, O., a bear attacked four prohibition agents. We hate to, but we must say there was something here.

New York man whipped his wife because she smoked his pipe, and we'll bet she wasn't feeling well either.

Christmas brought many electrical gifts. They can do everything by electricity now, except pay the bills.

## Dante's Inferno at Castle

There are seven capital sins or passions which we mortals are capable of committing, according to the poet Dante, who wrote the "Inferno" on which is based the motion picture production of that name, now running at the Castle Theatre. In classifying sin in his "Divine Comedy," Dante is said to have followed the Catholic interpretation of sin and its punishment.

The seven capital sins or passions are: pride, covetousness, lust, anger, gluttony, envy and sloth. It will be seen that these encompass all wrong doing, as, for example, adultery may be an outgrowth of lust; or murder the result of anger; or theft the lot of a family whose father is slothful.

"Inferno," which is one of the three great allegorical poems which compose what, for want of a better name, is known as The Divine Comedy, describes an imaginary journey through Hell by Dante, conducted by the ancient Roman poet, Virgil. Dante describes the various circles and depths of Hell and the kinds of punishment inflicted upon the souls of those who sinned during the earthly life. This poem offered unsurpassed possibilities for picturization, full advantage of which was taken by Henry Otto, who directed the production for William Fox. The picture is conceded to be one of the most imaginative and fantastic in the history of the screen, and has attracted extraordinary attention everywhere.

## Mac Murray at Princess

Presenting the popular Mac Murray in the interesting roles of two sisters, "Fashion Row" a Metro picture opened a two day's engagement at the Princess Theatre today. As a Broadway actress who marries into an old aristocratic family, Miss Murray has the opportunity to wear endless stunning gowns and delight Murray fans with the Murray dances, while the role of a plain little Russian peasant girl who comes to America to find her sister is of striking contrast. There is also a Russian out of the actress's past, who seeks revenge for a scarred face and soul she left him, and exciting events transpire that will thrill every spectator.

Earle Foxe, Freeman Wood, Elmo Lincoln and Mathilde Brundage are importantly cast, and the production was directed by Robert Z. Leonard, director general of Tiffany productions, of which M. A. Hoffman is general manager. "Fashion Row" was written by Sada Cowan and Howard Higin and photographed by Oliver T. Marsh. Horace Jackson was art director.

# LIONS PULL ANOTHER ONE OUT OF THE FIRE

With Newcastle Game Three-Fourths Gone and Score 20 to 15, They Show Their Stuff

COUNT 9 POINTS IN 10 MINUTES

Game Won on Foul Goals. Each Team Scoring 8 Field Goals—Contest Close all the Way

With 10½ minutes left to play, and Newcastle leading 20 to 15, the Rushville Lions jumped into the fight and won a thrilling basketball game at Newcastle Saturday night, scoring 9 points in the last ten minutes, and holding Newcastle to a lone marker, the final score being 24 to 21.

The game was another one of those exciting contests for which the Rushville team has become famous, staging a rally toward the end of the game, that has counted for victories. The game at several stages was a seesaw affair, with first Newcastle and then Rushville in the lead. Both teams put up good defense, which accounted for the low scoring.

Both teams also missed a great many shots that should have counted. The defense of Rushville was not up to standard, and Newcastle went through with ease. The Trojans have shown improvement since their game in this city.

The game was played in the immense new Y. M. C. A. gym, before a large crowd, and several hundred from this city were present. The Lions appeared handicapped on the large floor, and misjudged many shots. Allen, the center for the Newcastle team, was the outstanding star of the evening and handled the position like a veteran. He scored 21 of the 21 points. Starbuck at forward was fast, and Rozelle at floor guard put up a great defensive game.

For the Rushville team, all players shared equally in the victory, although they did not all score the points that they usually do. Miller pulled the game out of danger in the closing four minutes when he broke the 21 to 21 tie with a foul shot, and with still 3½ minutes left to play, Rushville attempted to stall, thinking the time was shorter than it was but when Lakin managed to get past the center, he took a shot and the ball went through, giving Rushville 24 and Newcastle 21, and the locals stalled through the last minute, keeping the ball in their possession. Right at the start of the game, Lakin scored a field goal from under the basket, and Edwards fouled, giving Miller a shot which he made count, and putting the Lions out in front 3 to 0. McNamara fouled but Rozelle missed for Newcastle. Allen scored a field goal for Newcastle and Edwards came back and scored another one, putting the Trojans in the lead, 4 to 3.

Newbold bounced out from under the basket, giving Rushville the lead 5 to 4. McNamara fouled again, and Starbuck missed the first shot, but tied the score on the next attempt. McNamara fouled for his third time and Starbuck made one of them, putting Newcastle ahead 6 to 5.

Rozelle fouled next, and Arbuckle tied the score when he made one and missed the other chance. Soon afterwards Arbuckle was given two more chances when Falk, their back-guard fouled, but he missed both times. Lakin fouled and Rozelle missed. Both teams were off on foul shots. Then Newcastle took a spurt with baskets by Allen and Rozelle, putting the score Newcastle 10 and Rushville 6, and the Lions called time.

When they went back into the game, Newbold tossed one in with the Trojan backguard hanging on, and the goal counted, and he was given two shots on the foul, but missed one of the chances, putting the locals at 9, and Newcastle at 10, and this sudden spurt caused the Trojans to take time out. Six minutes was left in which to play.

When they started again, Miller was the first to score, and he dribbled through the center for a shot under the basket. He had made several attempts at long ones, but he misjudged the distance, and when he had the opportunity, he took the ball clear through, and put Rushville in the lead 11 to 10. As he made the goal, Edwards tackled him, and a foul was called, giving Miller two

Newcastle failed to Rip Rushville but on the other hand Rushville didn't do such a big job of Tramping the Trojans. The Lions must get that last few minute rally stuff out of their system. Tourneys are only 15 minute halves, and in the games gone by, the locals have won more than half of the games in the last few minutes.

The Newcastle team is twice as good as the night they played here, and they will give any team strong opposition. Elwood will play at Newcastle Friday night, and the Trojans are going to get back in the winning column after three straight losses.

## BUT YOU NEVER CAN TELL

The count looks clear for Rushville for a few games at least. Carthage Friday night, then Richmond and Hagerstown. After this comes the county seat tourney at Connersville, Jan. 24, and it is a little too early to offer predictions.

Shelbyville must be a funny team. They hold Vincennes to three points then wallow Martinsville two points in an overtime game, and on Saturday night lost to Lebanon, a team almost unheard of, and by a 7 point margin.

shots on the foul, but the Lion back-guard missed both chances.

Allen scored next for Newcastle, putting them one point in front 12 to 11. Miller fouled and Starbuck was given two shots, making one of them, and Newcastle was two points in the lead, 13 to 11, and soon afterwards the gun sounded for the half.

At the start of the second half, Edwards fouled twice in rapid succession and went out on fouls. Miller missed his shot, but Lakin counted for both of his attempts and the score was again tied at 13 points. Lakin fouled next, but Starbuck missed. Lakin scored a field goal, putting the locals ahead 15 to 13.

At this point in the game the Trojans stepped out, taking a one point lead on a foul, followed by a field goal by Allen and a long shot by Rozelle, making the score 20 to 15, and Rushville took time out. The time keeper announced 10½ minutes left to play.

Then the Lions began to roar. Lakin went down the floor for a field goal, and when he attempted to repeat, the back guard held him, and the Lion center again made both of his foul goals count, putting the score Newcastle 20 and Rushville 19.

Miller advanced down the floor and on one side of the large gym, near the center, he hoisted the ball high into the air, and it dropped through the hoop without touching the rim, putting the Lions in the lead 21 to 20, and Newcastle called time.

When the play resumed, McNamara was fouled for his fourth time and went out. Arbuckle who had been taken out a few minutes before and Wahlwright substituted at forward, went in as floor guard and the plucky little forward played a great game at floor guard for the rest of the game. On McNamara's foul, Newcastle made one point, and tied the score at 21, missing the second attempt.

With four minutes left, Starbuck was fouled and Miller scored, and Lakin got another field goal, that made the game 21 to 24 in favor of Rushville, and the battle royal had ended.

It had been one of those kind of game that kept the crowd on edge and the winner was in doubt until the final shot of the gun.

The lineup and summary:  
Rushville 24 Newcastle 21  
Newbold ..... F ..... Starbuck  
Arbuckle ..... F ..... Edwards  
Lakin ..... C ..... Allen  
McNamara ..... G ..... Rozelle  
Miller ..... G ..... Falk

Substitutions, Wahlwright for Arbuckle; Arbuckle for McNamara; Jennings for Edwards; McKee for Jennings. Field goals, Newbold 2, Lakin 4, Miller 2, Edwards, Allen 3, Rozelle; foul goals Newbold, Arbuckle, Lakin 4, Miller 2 Starbuck 4, Allen. Referee Hale; umpire Bills.

Connersville has tough sledding this week. They play at Columbus Wednesday night, and on Friday night, Anderson will play at Connersville.

Carthage is working this week, and from what we hear, they are putting forth renewed efforts to show Rushville that they can play basketball.

Watch Heim and Siler on that Carthage team. They are dangerous on the basket shooting. Heim shoots from the foul line, and makes 'em count.

## WE NEED ONE LIKE IT

Newcastle has a gym that is probably the best in this part of the state. It is joined with the new Y. M. C. A. building, and the playing floor is large, with high ceiling that is well lighted. The seating arrangement also is good, and 4,000 people can easily be accommodated. Newcastle is going after a regional tourney, and Rushville people would be glad to see them get it.

## FOULS WON THE GAME

The game at Newcastle Saturday night, shows the importance of throwing foul goals. Each team made eight field goals. Rushville made 8 foul goals and Newcastle made 5. Rushville missed 7 chances and Newcastle missed 7. The little one point markers have won or lost many a game, and each player should make it a habit of tossing them in at all times.

'Nother chance for libel suit. Headline in Columbus Republican says, "Trojans here December 31", meaning Connersville. In the first paragraph it refers to the Trojans as being nicknamed Ikniks, and if we were Markin' 'em up at Newcastle we'd get even some way.

## SEND UP A CROWD

Let's send a big crowd to Carthage Friday night. They have a new gym, fairly good seating capacity and a good playing floor. The Blue Birds may give the Lions trouble because Carthage plays somewhat like Rushville; they usually end in a flashy rally.

## MUST WATCH THE BALL

Dear Hittin' 'em—Well we took Newcastle just like Grant took Richmond, by fighting. The game was an exhibition of close guarding and stonewall defense on both teams. The Lions will have to keep their eye on the ball a little closer or some of them are liable to get their necks broken by being hit in the back of the head. At times Saturday some of the Lions deliberately turned their backs on the ball and walked away as unconcerned as if they were taking an evening stroll. Keep your eyes on the ball.

## DING BAT

## THEY JUST GO TO!

Of course, during the holiday season, you can't expect too much of a team, but after the first of the year, the Lions are going to commence roaring early in the game and keep it up until the finish.

## IF THIS IS THE CASE THEY ALL GOT SPANKED

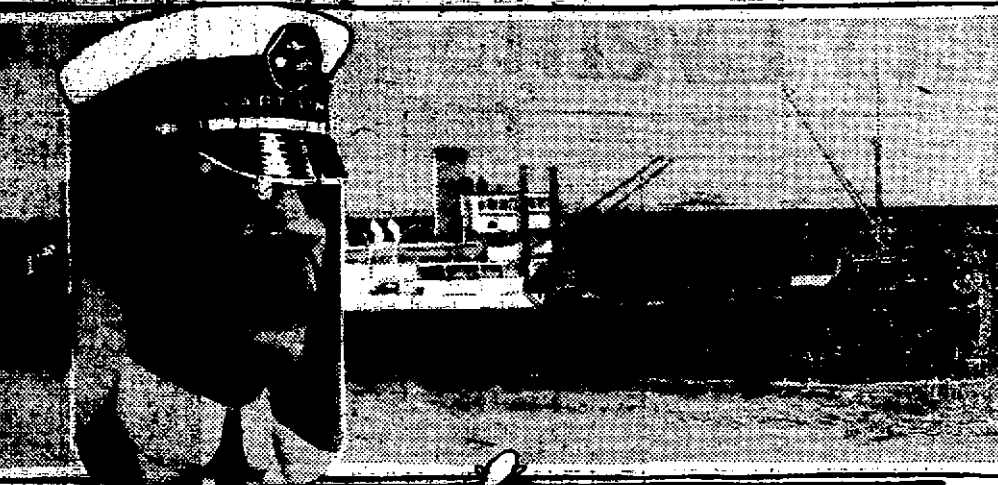

From Markin' 'em up, in the Newcastle Courier comes:

Here is a good one on Rushville. There is one player on the Rushville team, whose father is a real basketball fan. After each game, if the said son doesn't play the kind of a game the "ole man" thinks he should have played, out in the back yard with the son and "dad" applies the strap. Wonder if any of the boys on the Trojans would like this?

Before the Shelbyville-Martinsville game the other night, Markin' 'em picked Shelbyville to win, why?—because he says Camels satisfy.

Washington, the celebrated rival of Vincennes, downed Monrovia Saturday night in an overtime game, and Monrovia is a fast bunch of players.

# Ford, Model Ship Owner, and One of His Boats

Old-time sailors in New Orleans just looked and gaped when they saw Henry Ford's ship Oneida lying at dock. They'd never seen anything so sleek and shiny in all their lives. Her hull gleamed in shining automobile enamel. Her decks were clean enough to eat from. In her engine room brass and nickel-plate trimmings shimmered in the light. And the crew proved another stunner. The men were all clean shaven, with fresh hair cuts and their clothes were of the latest cut. They went up town in taxis and came back the same way—and sailed! The lowest paid deckhand was getting \$5 a day. For Henry Ford (in inset) has put Ford ideas of efficiency in his ship-operating venture, too. And he's found it pays.

# CONGRESS TO TAKE UP AIR FREEDOM

Question of interest to Radio Fans, May Not be Decided as One Conflict Has Occurred

## HOOVER WANTS TO WAIT

Another Year Necessary For Further Development Before Program Can be Formulated

By HERBERT LITTLE  
(U. P. Staff Correspondent)

Washington, Dec. 27.—Congress is taking up the most important questions of the decade—the freedom of the air this winter.

The question, of paramount interest to the ten to twenty million radio fans in the nation, may not be decided, but one conflict has occurred on the question already and others in the making.

Secretary of Commerce Herbert Hoover, whose department holds nominal control of the ether, withdrew his support of the bill introduced last spring by Congressman Wallace H. White of Maine, which would impose extensive regulations on the industry. The bill is now pending before the house marine and fisheries committee, of which White is chairman.

Another year is necessary for further development of the "radio art" before congress can formulate a program to regulate it properly, Hoover believes. Hoover, who endorsed the White bill last spring, proposed a short bill which would merely affirm "the right of the people to the ether" and give his department the regulation of wave-lengths, character of apparatus, and time of transmission of program from regularly licensed broadcasting stations.

The department of commerce now controls the radio industry by virtue of a law passed in 1912 on the basis of the radio-telegraphic development at that time. The radio-telephone had not yet been developed.

Now there are 561 broadcasting stations in the country, each sending out six to 20 programs a week. The fans tune in and out of speeches, jazz and classic music, humor and advertising. Some complain of interference because of the large number of broadcasting stations, some want larger and fewer stations, and others want more local stations.

The crush of proposed legislation in the present session which ends next March is so great that it is unlikely that final action can be taken on any radio proposal, even the short bill proposed by Hoover. But when the 69th Congress meets next December, Hoover will be ready with a program to cover all emergencies.

A final and complete national policy on the radio questions must be adopted, Hoover believes and congress must do it, instead of leaving it to an administrative officer.

The radio industry contains no monopoly at present, the secretary holds, as no one corporation possesses more than four stations.

The problems of radio which have come up so far, which must be solved in formulating the governmental policy toward the "art," Hoover outlines as follows:

With only 57 wave-lengths available and the number of stations approaching 600 and rapidly increasing, we are forced to certain dupli-

## Tennis Settlement Fair

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Dec. 29.—Common

sense and good sportsmanship brought about the settlement of the extended controversy between William T. Tilden and the United States Lawn Tennis Association and it offered a good example that might be followed in the adjustment of difficulties that may arise in other sports.

From a strictly neutral standpoint both sides were right and the two factions were sincere enough to hold out until it seemed that the continuation of a controversy, which the public considered as rather trivial, would result in unlimited damage to an organization and a game that had been built up in the United States by years of untiring effort.

The Association then made a wise move by suggesting that a committee of three "outsiders" be called in to decide which faction was right and Tilden's defenders agreed to it. The same wisdom behind the idea was carried out in selecting as the committee of outsiders in the jury box such nationally known authorities as Senator George Wharton Judd, Grandland Rice and Devereaux McBurn.

How long would some of the foolish quarrels of organized baseball last if a committee of such authorities were called in to pass judgment on the disagreements of baseball?

This special committee called in to consider the case with representatives of the two tennis factions decided that Tilden was partially right and that the Association was partly right. They suggested a compromise with an entirely new definition of the amateur rule that would support Tilden's contention regarding the individual personal liberties of a player.

The new amateur rule was drawn and it was accepted. The legal genius of Senator Pepper put the rule in language that was a defeat for neither faction, and was only a sportsmanlike difference to the justice of the other side's main points of contention.

## Arrests at Night

In Sweden, unless the person wanted by the police is a desperate criminal, his arrest is usually deferred until night in order that he shall be spared the ignominy of being marched captive through the streets before the gaze of the public.

Mr. and Mrs. Malcolm Holmes and Mr. and Mrs. Perry Young of Connersville were entertained to dinner Sunday at the home of Mr. and Mrs. Fent Johnston in this city.

Mr. and Mrs. Jesse Peters entertained with a family dinner Sunday in honor of the latter's father's birthday, who was eighty-three years of age. All the children and grandchildren were present.

Mr. and Mrs. Ora Logan entertained Sunday with a high noon dinner party at their home south of the city. Their guests were Mrs. Sallie Logan, Mr. and Mrs. Carl Logan and family, Mr. and Mrs. Elsa Haggins and family, and Mrs. Marietta Stiers.

The Woman's Missionary Society of the Pleasant Ridge M. E. church and their families will be entertained New Year's Day with a pitch-in dinner at the home of Mrs. Harry Mull, southwest of the city. All the members together with their families are urged to attend.

Mr. and Mrs. G. B. Carr had for their dinner guests Christmas day, Mr. and Mrs. Otis Carr and family of Indianapolis, Mr. and Mrs. Scott Powell and son Wayne of Falmouth, Mr. and Mrs. Clarence Carr and family and Mr. and Mrs. Edward McGraw and family of Glenwood.

Mr. and Mrs. Ed Short entertained Christmas day with a turkey dinner. Twenty-one were present, including Mr. and Mrs. Joe Richards of Clarksburg, Mr. and Mrs. John Richards and family of Greensburg, and Mrs. Edwin Young and Mr. and Mrs. Ambrose Gohring, of this city.

Mrs. Paul Davison and son Paul, Jr., and daughter Janice spent the latter part of last week with Mrs. Howard Pike and family of Glenwood, and on Sunday Mrs. Pike entertained with a birthday dinner for Mrs. Pike, celebrating her twenty-eighth birthday. Mr. and Mrs. Davison and children were guests.

A family dinner was served Christmas day at the home of Mr. and Mrs. Bert Norris in Noble township, when they entertained the members of their family. The guests included Mr. and Mrs. Lowell Norris and family, Mr. and Mrs. Walter Norris and family, Mr. and Mrs. Loren Martin, the Misses Leonora and Alice Norris, and C. M. Norris of Des Moines, Ia., and Bema Mae Norris, a student of Indiana University, Bloomington, Ind.

Mrs. Alice Brooks and daughter Myrta of Glenwood entertained the following guests to a turkey dinner Christmas day: Mr. and Mrs. John Matney and son of Rushville, Mr. and Mrs. Forrest Brooks, Mr. and Mrs. Charles Brooks and son of Glenwood, Mr. and Mrs. J. Frank Wilson, Mr. and Mrs. Vernon Brooks and daughter of Fairview, Mr. and Mrs. Elmer Darnell and daughter of Connersville, Miss Helen Wilson and William Wise of Connersville, Mr. and Mrs. Lawrence Brooks and Kenneth Wilson.

The engagement of Miss Janice Katherine Casady, daughter of Mr. and Mrs. P. T. Casady of Franklin, Ind., and niece of Mrs. Charles H. Brown of this city, to John Candler Pace of Pensacola, Fla., was announced last Friday with a luncheon-bridge at the country home of Miss Doris Deer, south of Franklin. The bride-elect is well known in this city, having visited her aunt in this city on a number of occasions. For the past two years she has been head of the Spanish department of the Pensacola high school, but has resigned her position and will be at home in Franklin, Ind., until the marriage early in March.

Mr. and Mrs. J. W. Hyatt and daughter Cora of Milroy entertained with a family dinner Sunday. The house was beautifully decorated with Christmas decorations and the table was centered with Christmas

cactus. The afternoon was spent in a social way and with music. The guests included Mrs. Flora Jackson and son Berney of this city, Mr. and Mrs. James L. Hyatt and son of Arlington, Mr. and Mrs. Roy Beales and Flavius Hyatt of Indianapolis, Mrs. Eli W. Carter of South Bend, Mr. and Mrs. B. G. Darnell and son Glenn of Lewisville, Ind., Mr. and Mrs. Earl Hyatt and daughter Wilma of north of Raleigh, Mrs. Norville Hudson and son Robert and daughter Thelma of north of Richmond, Austin Hyatt and Miss Minnie Shook of near Gings.

Mrs. Effie Stevens of Glenwood and Benjamin Burgoerfer of Laurel were united in marriage Wednesday, December 24, at high noon, at the St. Paul Methodist Episcopal church parsonage in this city. The single ring ceremony was read by the pastor, Rev. H. W. Hargett. On Christmas Day a beautifully appointed wedding dinner was served at the bride's home in Glenwood. Covers were laid for the following guests, Mr. and Mrs. Riley Johnson, Mr. and Mrs. James Johnson, and family, Mr. and Mrs. Otto Johnson and daughter, Mr. and Mrs. Grover Johnson of near Orange, Mr. and Mrs. Frank Bean and daughters Frances and Inis, Mr. and Mrs. Roscoe Bean of near Columbia, Mr. and Mrs. Otis Burgoerfer of Connersville, Mrs. Charles Johnson and Miss Irene Mosier of Rushville, and Edward and Michael Burgoerfer of Laurel.

A very pretty home wedding was solemnized Saturday afternoon at four o'clock at the home of Mr. and Mrs. A. W. Wilkinson in West Third street, when their daughter, Miss Gertrude, became the bride of Bernard Benson of Bayfield Wis. The home was artistically decorated in the color scheme of yellow and white, and beautiful ferns and palms were used to form an altar in the living room, where the ceremony was pronounced by the Rev. D. E. Walker, the Episcopalian ring service being used.

Mrs. C. E. Walden, soloist of this city, sang "Oh Promise Me" preceding the wedding march and "At Dawning," preceding the ceremony. To the strains of Lohengrin's wedding march, played by Miss Leah Schatz, the bridal party descended the stairway and marched to the altar, where they met the bridegroom and best man, Albert Duquette of Flint, Mich. The bridesmaids were Miss Ruth Ball of Connersville, who was dressed in pink crepe de chine and wore gold slippers, and Miss Marian Bonewitz of North Manchester, Ind., who wore pale green crepe de chine. Miss Lillian Wilkinson, sister of the bride, was the maid of honor and was dressed in orchid crepe de chine. Little Miss Leila Jean Gilbert, acting as flower girl, looked sweet in pink crepe de chine and carried a basket of rose petals, scattering them in the path of the bride. Little Gene Ball, nephew of the bride, was the ring bearer, carrying it on a white satin pillow. The bride, who was given away by her father, was dressed in white satin, adorned with ostrich feathers and a gardenia ornament. She wore a veil caught with orange blossoms and carried a bridal bouquet of roses.

Immediately following the ceremony, a delicious wedding dinner was served to the bridal party and other guests. The bride's table looked lovely, being adorned with the largest wedding cake, which was a gift of the bride's aunt, Mrs. S. A. Wilkinson of Connersville. The cake was surrounded with pretty yellow and white rosebuds and ribbon streamers. The remaining small tables were similarly decorated.

Among the out-of-town guests present, besides those of the bridal party, were Mr. and Mrs. Fred L. Virtue and daughter Dorothy of Dayton, Ohio, J. P. Williamson of Flemingsburg, Ky., Miss Jennie Korschberg of Racine, Wis. Mr. and Mrs. E. E. Ball and son Richard of Richmond, Ind., Mr. and Mrs. Shirley Abbott of Connersville, Mr. and Mrs. S. A. Wilkinson of Connersville and Mr. and Mrs. Harry Green of Indianapolis.

Mr. and Mrs. Benson left after the dinner on a wedding trip to Dakota City, Neb., and from there will go to Bayfield, Wis., where they will make their home. The bridegroom is the manager of a garage there and the bride has been an instructor in the local high school for the past few years, being head of the Commercial department. She also attended Columbia University at New

York and taught school at North Manchester, Ind., Connersville and Bremen, Ind., before accepting a position here.

Mr. and Mrs. Fred Addison gave a three course dinner party at their home in Milroy Christmas. Covers were laid for the following people: Mr. and Mrs. John S. Moore of Rushville, Leonard Moore of Indianapolis, Mrs. Glenn Kaler, Pauline, Fred Keith and Randal Addison.

## RURAL TEACHERS IN BIGGEST GAINS

Tabulation Shows That Township Instructors Have Had Salaries Doubled in Past 10 Years

CITY SCHOOLS ARE BEHIND

Average Scale for Rural Teacher Was \$418.83 For Elementary Work and Now It is \$871

Indianapolis, Ind., Dec. 29—The average salary of the teachers in township schools of Indiana have doubled during the past ten years, according to statistics compiled by the State Department of Public Instruction. The salaries of the teachers of town and city schools of the state have also been raised but not to the extent of the township instructors.

The average salary for township elementary teacher in 1914, was \$414.83 and that of the high school teacher was \$70.86. In 1924, the median salary of the elementary instructor was \$71.71 and that of the high school teacher \$1,292.41. The increase in the elementary salary average is 110.13 percent and in the average high school teacher's salary 97.15 percent.

The smallest increase in salaries during the past ten years have been in high school teachers of towns, this group only having been given an increase of 70.10 percent. The average salary for elementary town teachers in 1913 was \$344 and 1924, \$989.83. In the high school town teachers, the average paid in 1914 was \$729.95 and ten years later, \$1,241.71.

In the city class there has been an increase of 93.18 percent in the salaries of elementary teachers and an increase of 87.14 in high school teacher's salaries. In 1914 city elementary teachers were being paid \$715.63 and high school instructors, \$878.35. Ten years later these salaries were \$1,382.47 and \$1,643.43 respectively.

There has been a 2.25 percent loss in the number of elementary teachers during the past ten years, the state report shows, and a gain of 175.52 percent in the number of high school instructors. In 1914 there were in Indiana, 15,142 elementary teachers and 2,594 high school instructors. In 1924 there are 14,800 teachers in the elementary schools and 7,147 in the high schools of the state.

The largest numerical gain was in township high school teachers, an increase of 322.48 percent. Elementary teachers in the township show a 13.52 percent loss. In the towns,

## The Lucky Youth

FORTUNATUS had only to don his enchanted cap and make a wish to obtain anything his heart desired. It is not given to ordinary mortals to have so simple and direct a mode of filling their wants.

But have you ever considered what a boon advertising has become? Everything you need or wish is displayed for your benefit in the advertising columns. Merchants and manufacturers use advertising to lay before you their most attractive wares. You have only to choose at your ease the things you care most about before actually going to see them in the stores.

Advertising is continually making the world better dressed, better fed and better housed. It is increasing the world's capacity for things that elevate, improve and idealize the important business of living. It is a big, vital force in fostering convenient, comfortable and useful lives.

Empty your home of all advertised things and see the hole you make!
